

Book BK 8669 304: 'Practical Time Series Analysis', authored by Jonathan Bate, was published by Cengage in its 8th edition. It belongs to the Psychology genre and has ISBN 978-810-148564-7. There are 8 copies available, and the current availability status is: Yes.

Book BK 6036 950: 'Psychology: Themes and Variations', authored by Michael E. Hyland and Christine M. Rowland, was published by Cengage in its 1st edition. It belongs to the Artificial Intelligence genre and has ISBN 978-556-978229-4. There are 3 copies available, and the current availability status is: No.

Book BK 6679 607: 'Macroeconomics: Principles and Policy', authored by Trevor Hastie, Robert Tibshirani, Jerome Friedman, was published by Springer in its 7th edition. It belongs to the Machine Learning genre and has ISBN 978-219-427003-6. There are 6 copies available, and the current availability status is: Yes.

Book BK 2096 758: 'Fundamentals of Bioinformatics', authored by Richard S. Sutton and Andrew G. Barto, was published by Springer in its 3rd edition. It belongs to the Data Science genre and has ISBN 978-97-647330-8. There are 10 copies available, and the current availability status is: No.

Book BK 3017 232: 'Macroeconomics: Principles and Policy', authored by David Bressoud, was published by Wiley in its 4th edition. It belongs to the Mathematics genre and has ISBN 978-974-740596-9. There are 9 copies available, and the current availability status is: No.

Book BK 7873 265: 'Cognitive Psychology and Its Implications', authored by David R. Shaffer, was published by Springer in its 9th edition. It belongs to the Mathematics genre and has ISBN 978-179-943700-3. There are 2 copies available, and the current availability status is: No.

Book BK 5541 759: 'Deep Reinforcement Learning', authored by David Bressoud, was published by

Oxford University Press in its 3rd edition. It belongs to the Physics genre and has ISBN 978-565-278456-6. There are 2 copies available, and the current availability status is: Yes.

Book BK 2766 869: 'Mathematical Methods in the Physical Sciences', authored by Steven Bird, Ewan Klein, Edward Loper, was published by Springer in its 5th edition. It belongs to the Biology genre and has ISBN 978-897-601976-3. There are 5 copies available, and the current availability status is: No.

Book BK 2705 607: 'Statistics for Machine Learning', authored by Anthony Giddens, was published by Cengage in its 4th edition. It belongs to the Physics genre and has ISBN 978-73-729286-5. There are 7 copies available, and the current availability status is: Yes.

Book BK 8904 539: 'Digital Image Processing', authored by Paula Yurkanis Bruice, was published by Cengage in its 5th edition. It belongs to the Computer Science genre and has ISBN 978-600-567563-8. There are 4 copies available, and the current availability status is: Yes.

Book BK 4355 587: 'Natural Language Processing with Python', authored by Rafael C. Gonzalez and Richard E. Woods, was published by Cengage in its 4th edition. It belongs to the Artificial Intelligence genre and has ISBN 978-704-86654-8. There are 4 copies available, and the current availability status is: No.

Book BK 5322 450: 'The Elements of Style', authored by Neil A. Campbell, was published by Oxford University Press in its 10th edition. It belongs to the Mathematics genre and has ISBN 978-572-125074-6. There are 10 copies available, and the current availability status is: No.

Book BK 9750 464: 'Data Science for Business', authored by Thomas H. Cormen, Charles E. Leiserson, Ronald L. Rivest, Clifford Stein, was published by Cengage in its 5th edition. It belongs to

the Data Science genre and has ISBN 978-331-929975-5. There are 5 copies available, and the current availability status is: No.

Book BK 5133 940: 'Digital Image Processing', authored by William Strunk Jr. and E. B. White, was published by Cengage in its 6th edition. It belongs to the Psychology genre and has ISBN 978-684-430446-3. There are 8 copies available, and the current availability status is: No.

Book BK 5715 342: 'Machine Learning Yearning', authored by David R. Shaffer, was published by Pearson in its 7th edition. It belongs to the Psychology genre and has ISBN 978-247-228434-7. There are 6 copies available, and the current availability status is: No.

Book BK 4793 206: 'Chemical Principles', authored by David G. Myers, was published by Pearson in its 7th edition. It belongs to the Machine Learning genre and has ISBN 978-861-352032-7. There are 5 copies available, and the current availability status is: Yes.

Book BK 6658 283: 'Business Analytics: Methods, Models, and Decisions', authored by Andrew Ng, was published by O'Reilly Media in its 6th edition. It belongs to the Computer Science genre and has ISBN 978-974-192364-3. There are 3 copies available, and the current availability status is: Yes.

Book BK 3541 681: 'Indian Culture and Heritage', authored by William Strunk Jr. and E. B. White, was published by Oxford University Press in its 5th edition. It belongs to the Biology genre and has ISBN 978-93-482715-2. There are 9 copies available, and the current availability status is: No.

Book BK 6566 454: 'History of Modern Psychology', authored by Trevor Hastie, Robert Tibshirani, Jerome Friedman, was published by Pearson in its 10th edition. It belongs to the Social Sciences genre and has ISBN 978-269-74738-3. There are 2 copies available, and the current availability

status is: No.

Book BK 4455 141: 'Introduction to Sociology', authored by David Bressoud, was published by Oxford University Press in its 9th edition. It belongs to the Chemistry genre and has ISBN 978-791-672347-4. There are 3 copies available, and the current availability status is: No.

Book BK 3961 331: 'Python Data Science Handbook', authored by Stuart Russell and Peter Norvig, was published by Pearson in its 4th edition. It belongs to the English genre and has ISBN 978-27-13205-3. There are 7 copies available, and the current availability status is: No.

Book BK 8583 966: 'Practical Time Series Analysis', authored by David Bressoud, was published by O'Reilly Media in its 8th edition. It belongs to the Computer Science genre and has ISBN 978-990-115458-0. There are 5 copies available, and the current availability status is: No.

Book BK 7596 582: 'Digital Image Processing', authored by Andrew Ng, was published by Oxford University Press in its 6th edition. It belongs to the Chemistry genre and has ISBN 978-770-298125-2. There are 2 copies available, and the current availability status is: Yes.

Book BK 3255 799: 'Organic Chemistry', authored by Mary L. Boas, was published by O'Reilly Media in its 7th edition. It belongs to the English genre and has ISBN 978-583-175187-8. There are 3 copies available, and the current availability status is: Yes.

Book BK 7836 589: 'Chemical Principles', authored by Thomas H. Cormen, Charles E. Leiserson, Ronald L. Rivest, Clifford Stein, was published by Springer in its 10th edition. It belongs to the Biology genre and has ISBN 978-988-304884-2. There are 5 copies available, and the current availability status is: No.

Book BK 2888 250: 'Developmental Psychology', authored by Abraham Silberschatz, Peter B. Galvin, Greg Gagne, was published by O'Reilly Media in its 8th edition. It belongs to the Psychology genre and has ISBN 978-327-693261-5. There are 1 copies available, and the current availability status is: No.

Book BK 9333 569: 'Python Data Science Handbook', authored by Thomas H. Cormen, Charles E. Leiserson, Ronald L. Rivest, Clifford Stein, was published by Oxford University Press in its 5th edition. It belongs to the Physics genre and has ISBN 978-433-768162-2. There are 3 copies available, and the current availability status is: Yes.

Book BK 3969 675: 'Macroeconomics: Principles and Policy', authored by Michael E. Hyland and Christine M. Rowland, was published by Oxford University Press in its 8th edition. It belongs to the Machine Learning genre and has ISBN 978-684-948934-8. There are 5 copies available, and the current availability status is: Yes.

Book BK 9379 636: 'Psychology: Themes and Variations', authored by David J. Griffiths, was published by Oxford University Press in its 7th edition. It belongs to the Data Science genre and has ISBN 978-907-100348-7. There are 3 copies available, and the current availability status is: No.

Book BK 8589 767: 'Statistics for Machine Learning', authored by Stuart Russell and Peter Norvig, was published by Oxford University Press in its 5th edition. It belongs to the English genre and has ISBN 978-823-608176-5. There are 9 copies available, and the current availability status is: Yes.

Book BK 7375 930: 'English Literature: A Very Short Introduction', authored by Andrew Ng, was published by Cengage in its 1st edition. It belongs to the Chemistry genre and has ISBN 978-818-571771-8. There are 2 copies available, and the current availability status is: No.

Book BK 9558 269: 'Developmental Psychology', authored by Neil A. Campbell, was published by Cengage in its 10th edition. It belongs to the Machine Learning genre and has ISBN 978-45-179610-0. There are 5 copies available, and the current availability status is: No.

Book BK 9111 825: 'Machine Learning Yearning', authored by David R. Shaffer, was published by Springer in its 1st edition. It belongs to the Artificial Intelligence genre and has ISBN 978-471-946146-9. There are 1 copies available, and the current availability status is: Yes.

Book BK 1280 137: 'Organic Chemistry', authored by Thomas H. Cormen, Charles E. Leiserson, Ronald L. Rivest, Clifford Stein, was published by O'Reilly Media in its 4th edition. It belongs to the Psychology genre and has ISBN 978-411-59963-6. There are 10 copies available, and the current availability status is: Yes.

Book BK 2870 107: 'Developmental Psychology', authored by Richard S. Sutton and Andrew G. Barto, was published by Wiley in its 6th edition. It belongs to the English genre and has ISBN 978-866-444318-4. There are 10 copies available, and the current availability status is: Yes.

Book BK 1509 730: 'History of Modern Psychology', authored by Stuart Russell and Peter Norvig, was published by Pearson in its 6th edition. It belongs to the Psychology genre and has ISBN 978-48-934570-3. There are 5 copies available, and the current availability status is: Yes.

Book BK 6809 859: 'Algorithms: Design and Analysis', authored by Steven Bird, Ewan Klein, Edward Loper, was published by O'Reilly Media in its 4th edition. It belongs to the English genre and has ISBN 978-559-890034-2. There are 4 copies available, and the current availability status is: Yes.

Book BK 8076 886: 'Biology: A Global Approach', authored by Richard S. Sutton and Andrew G. Barto, was published by O'Reilly Media in its 9th edition. It belongs to the Computer Science genre

and has ISBN 978-500-517360-8. There are 1 copies available, and the current availability status is: Yes.

Book BK 7606 970: 'Organic Chemistry', authored by Anthony Giddens, was published by Cengage in its 6th edition. It belongs to the Machine Learning genre and has ISBN 978-38-168623-3. There are 4 copies available, and the current availability status is: Yes.

Book BK 1587 604: 'English Literature: A Very Short Introduction', authored by Anthony Giddens, was published by Oxford University Press in its 7th edition. It belongs to the Mathematics genre and has ISBN 978-956-301370-9. There are 6 copies available, and the current availability status is: No.

Book BK 8770 485: 'Natural Language Processing with Python', authored by Anthony Giddens, was published by Pearson in its 5th edition. It belongs to the Physics genre and has ISBN 978-275-182201-1. There are 1 copies available, and the current availability status is: No.

Book BK 3881 912: 'Introduction to Sociology', authored by Foster Provost and Tom Fawcett, was published by Cengage in its 10th edition. It belongs to the Mathematics genre and has ISBN 978-712-521887-8. There are 6 copies available, and the current availability status is: No.

Book BK 7112 120: 'Advanced Calculus', authored by Jonathan Bate, was published by Springer in its 9th edition. It belongs to the Mathematics genre and has ISBN 978-42-172495-3. There are 9 copies available, and the current availability status is: Yes.

Book BK 1880 852: 'Fundamentals of Bioinformatics', authored by Michael E. Hyland and Christine M. Rowland, was published by Springer in its 7th edition. It belongs to the Mathematics genre and has ISBN 978-876-966225-3. There are 7 copies available, and the current availability status is: No.

Book BK 8213 818: 'Statistics for Machine Learning', authored by David R. Shaffer, was published by Cengage in its 5th edition. It belongs to the Psychology genre and has ISBN 978-268-642959-6. There are 3 copies available, and the current availability status is: No.

Book BK 6414 261: 'Cognitive Psychology and Its Implications', authored by Paula Yurkanis Bruice, was published by Springer in its 3rd edition. It belongs to the Physics genre and has ISBN 978-995-903373-3. There are 7 copies available, and the current availability status is: No.

Book BK 9735 112: 'Digital Image Processing', authored by Richard S. Sutton and Andrew G. Barto, was published by O'Reilly Media in its 5th edition. It belongs to the Biology genre and has ISBN 978-239-336773-1. There are 5 copies available, and the current availability status is: No.

Book BK 4461 449: 'Deep Reinforcement Learning', authored by Steven Bird, Ewan Klein, Edward Loper, was published by Springer in its 7th edition. It belongs to the Social Sciences genre and has ISBN 978-889-466769-5. There are 4 copies available, and the current availability status is: Yes.

Book BK 8968 546: 'Developmental Psychology', authored by Andrew Ng, was published by Pearson in its 9th edition. It belongs to the Social Sciences genre and has ISBN 978-327-863194-6. There are 8 copies available, and the current availability status is: Yes.

Book BK 6145 374: 'English Literature: A Very Short Introduction', authored by Trevor Hastie, Robert Tibshirani, Jerome Friedman, was published by Cengage in its 7th edition. It belongs to the Social Sciences genre and has ISBN 978-188-605786-4. There are 1 copies available, and the current availability status is: Yes.

Book BK 7447 836: 'Developmental Psychology', authored by Michael E. Hyland and Christine M. Rowland, was published by Springer in its 7th edition. It belongs to the Artificial Intelligence genre

and has ISBN 978-618-564406-3. There are 7 copies available, and the current availability status is: No.

Book BK 9737 203: 'Deep Reinforcement Learning', authored by Steven Bird, Ewan Klein, Edward Loper, was published by Wiley in its 5th edition. It belongs to the Machine Learning genre and has ISBN 978-301-418920-8. There are 1 copies available, and the current availability status is: No.

Book BK 8816 487: 'Macroeconomics: Principles and Policy', authored by Jonathan Bate, was published by Wiley in its 4th edition. It belongs to the Artificial Intelligence genre and has ISBN 978-222-139910-7. There are 7 copies available, and the current availability status is: Yes.

Book BK 8703 788: 'Fundamentals of Bioinformatics', authored by Wayne Weiten, was published by Cengage in its 1st edition. It belongs to the Mathematics genre and has ISBN 978-88-398091-7. There are 9 copies available, and the current availability status is: Yes.

Book BK 2127 906: 'Data Science for Business', authored by Satish Chandra, was published by Cengage in its 3rd edition. It belongs to the Social Sciences genre and has ISBN 978-645-390076-0. There are 5 copies available, and the current availability status is: No.

Book BK 5989 403: 'Fundamentals of Bioinformatics', authored by David J. Griffiths, was published by Wiley in its 3rd edition. It belongs to the Physics genre and has ISBN 978-295-13082-7. There are 10 copies available, and the current availability status is: Yes.

Book BK 5417 655: 'Artificial Intelligence: A Modern Approach', authored by N. Gregory Mankiw, was published by Wiley in its 5th edition. It belongs to the Machine Learning genre and has ISBN 978-991-966299-2. There are 4 copies available, and the current availability status is: Yes.

Book BK 7223 992: 'Deep Reinforcement Learning', authored by Dan E. Krane and Michael L. Raymer, was published by Cengage in its 6th edition. It belongs to the Artificial Intelligence genre and has ISBN 978-33-988832-7. There are 5 copies available, and the current availability status is: Yes.

Book BK 5769 767: 'Organic Chemistry', authored by Andrew Ng, was published by Springer in its 10th edition. It belongs to the Artificial Intelligence genre and has ISBN 978-261-895305-0. There are 7 copies available, and the current availability status is: No.

Book BK 3667 643: 'Digital Image Processing', authored by Andrew Ng, was published by Oxford University Press in its 9th edition. It belongs to the Physics genre and has ISBN 978-171-391711-5. There are 6 copies available, and the current availability status is: Yes.

Book BK 3525 295: 'Business Analytics: Methods, Models, and Decisions', authored by James R. Evans, was published by Wiley in its 2nd edition. It belongs to the Social Sciences genre and has ISBN 978-646-769456-8. There are 10 copies available, and the current availability status is: Yes.

Book BK 4648 190: 'The Elements of Style', authored by Jonathan Bate, was published by O'Reilly Media in its 8th edition. It belongs to the Machine Learning genre and has ISBN 978-285-985667-0. There are 10 copies available, and the current availability status is: No.

Book BK 6752 592: 'Introduction to Deep Learning', authored by Wayne Weiten, was published by O'Reilly Media in its 5th edition. It belongs to the Psychology genre and has ISBN 978-891-223264-9. There are 2 copies available, and the current availability status is: Yes.

Book BK 3333 203: 'Cognitive Psychology and Its Implications', authored by Anthony Giddens, was published by Springer in its 7th edition. It belongs to the Biology genre and has ISBN

978-188-757572-8. There are 9 copies available, and the current availability status is: No.

Book BK 3765 346: 'Machine Learning Yearning', authored by Michael E. Hyland and Christine M. Rowland, was published by Pearson in its 3rd edition. It belongs to the Analytics genre and has ISBN 978-614-173342-3. There are 7 copies available, and the current availability status is: Yes.

Book BK 5496 302: 'Practical Time Series Analysis', authored by Jake VanderPlas, was published by O'Reilly Media in its 5th edition. It belongs to the Artificial Intelligence genre and has ISBN 978-151-951593-2. There are 9 copies available, and the current availability status is: No.

Book BK 4268 954: 'English Grammar in Use', authored by Jonathan Bate, was published by O'Reilly Media in its 2nd edition. It belongs to the Mathematics genre and has ISBN 978-560-936685-7. There are 4 copies available, and the current availability status is: Yes.

Book BK 8533 399: 'Chemical Principles', authored by Aileen Nielsen, was published by Oxford University Press in its 5th edition. It belongs to the Physics genre and has ISBN 978-634-620240-7. There are 10 copies available, and the current availability status is: No.

Book BK 5862 290: 'Chemical Principles', authored by Abraham Silberschatz, Peter B. Galvin, Greg Gagne, was published by Pearson in its 1st edition. It belongs to the Machine Learning genre and has ISBN 978-941-468778-5. There are 10 copies available, and the current availability status is: No.

Book BK 2689 733: 'Data Science for Business', authored by James R. Evans, was published by Oxford University Press in its 5th edition. It belongs to the Psychology genre and has ISBN 978-446-257410-3. There are 10 copies available, and the current availability status is: No.

Book BK 3069 112: 'Python Data Science Handbook', authored by Dan E. Krane and Michael L. Raymer, was published by Wiley in its 10th edition. It belongs to the Machine Learning genre and has ISBN 978-291-813377-4. There are 10 copies available, and the current availability status is: Yes.

Book BK 6833 620: 'Chemical Principles', authored by David R. Shaffer, was published by Wiley in its 2nd edition. It belongs to the Artificial Intelligence genre and has ISBN 978-418-974878-7. There

are 6 copies available, and the current availability status is: Yes.

Book BK 8758 975: 'Algorithms: Design and Analysis', authored by Michael E. Hyland and Christine M. Rowland, was published by Springer in its 7th edition. It belongs to the Psychology genre and has ISBN 978-766-456369-1. There are 6 copies available, and the current availability status is: Yes.

Book BK 2798 653: 'Operating System Concepts', authored by Neil A. Campbell, was published by Wiley in its 1st edition. It belongs to the Computer Science genre and has ISBN 978-942-663350-5. There are 10 copies available, and the current availability status is: No.

Book BK 1297 408: 'Operating System Concepts', authored by Trevor Hastie, Robert Tibshirani, Jerome Friedman, was published by Springer in its 6th edition. It belongs to the Social Sciences genre and has ISBN 978-306-485740-2. There are 5 copies available, and the current availability status is: No.

Book BK 8176 427: 'Developmental Psychology', authored by Andrew Ng, was published by Wiley in its 5th edition. It belongs to the Physics genre and has ISBN 978-375-189017-4. There are 3 copies available, and the current availability status is: No.

Book BK 5161 422: 'Operating System Concepts', authored by David R. Shaffer, was published by Pearson in its 5th edition. It belongs to the Biology genre and has ISBN 978-243-945218-0. There are 9 copies available, and the current availability status is: Yes.

Book BK 7115 691: 'Artificial Intelligence: A Modern Approach', authored by Thomas H. Cormen, Charles E. Leiserson, Ronald L. Rivest, Clifford Stein, was published by Wiley in its 3rd edition. It belongs to the Biology genre and has ISBN 978-89-70925-9. There are 4 copies available, and the

current availability status is: No.

Book BK 7266 431: 'Operating System Concepts', authored by Mary L. Boas, was published by Pearson in its 7th edition. It belongs to the Computer Science genre and has ISBN 978-679-387426-2. There are 4 copies available, and the current availability status is: Yes.

Book BK 5086 575: 'Introduction to Deep Learning', authored by Wayne Weiten, was published by Springer in its 1st edition. It belongs to the Biology genre and has ISBN 978-791-385077-9. There are 10 copies available, and the current availability status is: No.

Book BK 7504 218: 'Artificial Intelligence: A Modern Approach', authored by Abraham Silberschatz, Peter B. Galvin, Greg Gagne, was published by Pearson in its 9th edition. It belongs to the Analytics genre and has ISBN 978-31-949401-5. There are 2 copies available, and the current availability status is: Yes.

Book BK 5297 295: 'Macroeconomics: Principles and Policy', authored by Andrew Ng, was published by Pearson in its 5th edition. It belongs to the Computer Science genre and has ISBN 978-113-698173-3. There are 4 copies available, and the current availability status is: Yes.

Book BK 3458 980: 'Artificial Intelligence: A Modern Approach', authored by Foster Provost and Tom Fawcett, was published by Wiley in its 2nd edition. It belongs to the Machine Learning genre and has ISBN 978-544-478503-6. There are 4 copies available, and the current availability status is: No.

Book BK 9867 275: 'Deep Reinforcement Learning', authored by Satish Chandra, was published by Pearson in its 8th edition. It belongs to the English genre and has ISBN 978-574-363625-1. There are 4 copies available, and the current availability status is: Yes.

Book BK 5394 236: 'Deep Reinforcement Learning', authored by Michael E. Hyland and Christine M. Rowland, was published by O'Reilly Media in its 3rd edition. It belongs to the Social Sciences genre and has ISBN 978-118-812794-7. There are 10 copies available, and the current availability status is: Yes.

Book BK 4535 986: 'History of Modern Psychology', authored by Wayne Weiten, was published by Springer in its 6th edition. It belongs to the Analytics genre and has ISBN 978-48-634245-0. There are 7 copies available, and the current availability status is: Yes.

Book BK 8390 149: 'Introduction to Deep Learning', authored by Thomas H. Cormen, Charles E. Leiserson, Ronald L. Rivest, Clifford Stein, was published by Oxford University Press in its 8th edition. It belongs to the English genre and has ISBN 978-911-788570-5. There are 5 copies available, and the current availability status is: Yes.

Book BK 4860 934: 'English Literature: A Very Short Introduction', authored by Raymond Murphy, was published by Wiley in its 7th edition. It belongs to the Artificial Intelligence genre and has ISBN 978-82-329030-4. There are 2 copies available, and the current availability status is: Yes.

Book BK 2712 409: 'Introduction to Sociology', authored by Thomas H. Cormen, Charles E. Leiserson, Ronald L. Rivest, Clifford Stein, was published by Wiley in its 2nd edition. It belongs to the Chemistry genre and has ISBN 978-914-460053-5. There are 4 copies available, and the current availability status is: Yes.

Book BK 1288 254: 'Natural Language Processing with Python', authored by Neil A. Campbell, was published by Springer in its 3rd edition. It belongs to the Analytics genre and has ISBN 978-189-475644-2. There are 1 copies available, and the current availability status is: No.

Book BK 1028 751: 'English Literature: A Very Short Introduction', authored by David R. Shaffer, was published by Wiley in its 8th edition. It belongs to the Social Sciences genre and has ISBN 978-973-618778-9. There are 2 copies available, and the current availability status is: Yes.

Book BK 1600 565: 'Python Data Science Handbook', authored by Peter Atkins and Loretta Jones, was published by Pearson in its 4th edition. It belongs to the Biology genre and has ISBN 978-123-602614-3. There are 7 copies available, and the current availability status is: No.

Book BK 7223 813: 'Algorithms: Design and Analysis', authored by William Strunk Jr. and E. B. White, was published by Cengage in its 6th edition. It belongs to the Computer Science genre and has ISBN 978-662-315503-6. There are 5 copies available, and the current availability status is: No.

Book BK 6067 555: 'Psychology: Themes and Variations', authored by William Strunk Jr. and E. B. White, was published by Springer in its 1st edition. It belongs to the Physics genre and has ISBN 978-620-823136-1. There are 4 copies available, and the current availability status is: Yes.

Book BK 1908 616: 'Psychology: Themes and Variations', authored by Stuart Russell and Peter Norvig, was published by Springer in its 9th edition. It belongs to the Machine Learning genre and has ISBN 978-442-821292-3. There are 6 copies available, and the current availability status is: No.

Book BK 6310 805: 'The Elements of Style', authored by Raymond Murphy, was published by Cengage in its 8th edition. It belongs to the Mathematics genre and has ISBN 978-597-89806-6. There are 9 copies available, and the current availability status is: No.

Book BK 5269 953: 'Fundamentals of Bioinformatics', authored by Raymond Murphy, was published by Wiley in its 6th edition. It belongs to the Computer Science genre and has ISBN 978-325-833007-5. There are 2 copies available, and the current availability status is: No.

Book BK 3970 606: 'Machine Learning Yearning', authored by David R. Shaffer, was published by Oxford University Press in its 10th edition. It belongs to the Biology genre and has ISBN 978-246-596918-7. There are 4 copies available, and the current availability status is: No.

Book BK 3954 481: 'The Elements of Style', authored by William Strunk Jr. and E. B. White, was published by Oxford University Press in its 5th edition. It belongs to the Machine Learning genre and has ISBN 978-596-161375-0. There are 1 copies available, and the current availability status is: Yes.

Book BK 6738 862: 'Python Data Science Handbook', authored by Dan E. Krane and Michael L. Raymer, was published by Oxford University Press in its 6th edition. It belongs to the Computer Science genre and has ISBN 978-623-789574-4. There are 9 copies available, and the current availability status is: Yes.

Book BK 2531 537: 'Mathematical Methods in the Physical Sciences', authored by Abraham Silberschatz, Peter B. Galvin, Greg Gagne, was published by Springer in its 10th edition. It belongs to the English genre and has ISBN 978-395-830500-4. There are 2 copies available, and the current availability status is: No.

Book BK 8119 287: 'Advanced Calculus', authored by Neil A. Campbell, was published by Pearson in its 4th edition. It belongs to the Computer Science genre and has ISBN 978-906-494736-8. There are 10 copies available, and the current availability status is: Yes.

Book BK 6988 683: 'Fundamentals of Bioinformatics', authored by N. Gregory Mankiw, was published by Oxford University Press in its 3rd edition. It belongs to the Data Science genre and has ISBN 978-308-572746-6. There are 8 copies available, and the current availability status is: No.

Book BK 9174 291: 'Deep Reinforcement Learning', authored by Satish Chandra, was published by Springer in its 6th edition. It belongs to the Computer Science genre and has ISBN 978-709-993646-0. There are 2 copies available, and the current availability status is: No.

Book BK 6590 367: 'Advanced Calculus', authored by David R. Shaffer, was published by Cengage in its 10th edition. It belongs to the Data Science genre and has ISBN 978-557-406686-8. There are 5 copies available, and the current availability status is: No.

Book BK 3466 866: 'Algorithms: Design and Analysis', authored by Rafael C. Gonzalez and Richard E. Woods, was published by Pearson in its 10th edition. It belongs to the English genre and has ISBN 978-405-213498-5. There are 10 copies available, and the current availability status is: No.

Book BK 6956 748: 'Artificial Intelligence: A Modern Approach', authored by Rafael C. Gonzalez and Richard E. Woods, was published by Cengage in its 8th edition. It belongs to the Psychology genre and has ISBN 978-380-96590-4. There are 4 copies available, and the current availability status is: No.

Book BK 1799 152: 'Algorithms: Design and Analysis', authored by Dan E. Krane and Michael L. Raymer, was published by Wiley in its 1st edition. It belongs to the English genre and has ISBN 978-461-719692-0. There are 2 copies available, and the current availability status is: No.

Book BK 1911 737: 'Fundamentals of Bioinformatics', authored by Rafael C. Gonzalez and Richard E. Woods, was published by Pearson in its 6th edition. It belongs to the Analytics genre and has ISBN 978-620-171023-5. There are 4 copies available, and the current availability status is: Yes.

Book BK 8835 149: 'Digital Image Processing', authored by Satish Chandra, was published by Wiley

in its 9th edition. It belongs to the Psychology genre and has ISBN 978-386-122150-4. There are 10 copies available, and the current availability status is: Yes.

Book BK 7474 587: 'Psychology: Themes and Variations', authored by David Bressoud, was published by Wiley in its 10th edition. It belongs to the Mathematics genre and has ISBN 978-461-271852-3. There are 3 copies available, and the current availability status is: No.

Book BK 3707 451: 'English Literature: A Very Short Introduction', authored by Trevor Hastie, Robert Tibshirani, Jerome Friedman, was published by Pearson in its 4th edition. It belongs to the Psychology genre and has ISBN 978-796-114747-8. There are 1 copies available, and the current availability status is: No.

Book BK 4015 767: 'Business Analytics: Methods, Models, and Decisions', authored by Foster Provost and Tom Fawcett, was published by Pearson in its 6th edition. It belongs to the Mathematics genre and has ISBN 978-133-932276-7. There are 9 copies available, and the current availability status is: No.

Book BK 2626 536: 'Introduction to Deep Learning', authored by N. Gregory Mankiw, was published by Pearson in its 7th edition. It belongs to the Analytics genre and has ISBN 978-214-695329-6. There are 6 copies available, and the current availability status is: Yes.

Book BK 9929 648: 'Introduction to Sociology', authored by Abraham Silberschatz, Peter B. Galvin, Greg Gagne, was published by Springer in its 4th edition. It belongs to the Analytics genre and has ISBN 978-912-103452-6. There are 8 copies available, and the current availability status is: Yes.

Book BK 9289 311: 'Developmental Psychology', authored by Neil A. Campbell, was published by Springer in its 9th edition. It belongs to the Computer Science genre and has ISBN

978-165-649376-3. There are 4 copies available, and the current availability status is: No.

Book BK 3486 367: 'Introduction to Sociology', authored by Andrew Ng, was published by Pearson in its 9th edition. It belongs to the Physics genre and has ISBN 978-85-606268-3. There are 10 copies available, and the current availability status is: Yes.

Book BK 1239 536: 'History of Modern Psychology', authored by Anthony Giddens, was published by Oxford University Press in its 2nd edition. It belongs to the Analytics genre and has ISBN 978-788-314426-1. There are 7 copies available, and the current availability status is: Yes.

Book BK 4217 507: 'Deep Reinforcement Learning', authored by Steven Bird, Ewan Klein, Edward Loper, was published by Pearson in its 9th edition. It belongs to the Data Science genre and has ISBN 978-402-239401-8. There are 8 copies available, and the current availability status is: Yes.

Book BK 6265 865: 'Artificial Intelligence: A Modern Approach', authored by Satish Chandra, was published by Pearson in its 10th edition. It belongs to the Psychology genre and has ISBN 978-457-645940-4. There are 7 copies available, and the current availability status is: No.

Book BK 2230 213: 'English Literature: A Very Short Introduction', authored by Foster Provost and Tom Fawcett, was published by Wiley in its 9th edition. It belongs to the Mathematics genre and has ISBN 978-625-112343-8. There are 6 copies available, and the current availability status is: No.

Book BK 4045 241: 'History of Modern Psychology', authored by Aileen Nielsen, was published by O'Reilly Media in its 10th edition. It belongs to the Computer Science genre and has ISBN 978-2-845212-9. There are 5 copies available, and the current availability status is: No.

Book BK 8571 907: 'Python Data Science Handbook', authored by Mary L. Boas, was published by

Oxford University Press in its 4th edition. It belongs to the Analytics genre and has ISBN 978-873-62380-2. There are 5 copies available, and the current availability status is: Yes.

Book BK 1211 582: 'Psychology: Themes and Variations', authored by Neil A. Campbell, was published by Springer in its 5th edition. It belongs to the English genre and has ISBN 978-949-223931-6. There are 6 copies available, and the current availability status is: No.

Book BK 2422 605: 'Deep Reinforcement Learning', authored by Richard S. Sutton and Andrew G. Barto, was published by O'Reilly Media in its 4th edition. It belongs to the Biology genre and has ISBN 978-950-219316-7. There are 3 copies available, and the current availability status is: No.

Book BK 7183 732: 'Biology: A Global Approach', authored by Jake VanderPlas, was published by Cengage in its 10th edition. It belongs to the Mathematics genre and has ISBN 978-164-545409-3. There are 1 copies available, and the current availability status is: No.

Book BK 5474 109: 'English Grammar in Use', authored by Thomas H. Cormen, Charles E. Leiserson, Ronald L. Rivest, Clifford Stein, was published by O'Reilly Media in its 8th edition. It belongs to the Biology genre and has ISBN 978-48-758100-3. There are 2 copies available, and the current availability status is: Yes.

Book BK 9135 703: 'History of Modern Psychology', authored by William Strunk Jr. and E. B. White, was published by Pearson in its 10th edition. It belongs to the Analytics genre and has ISBN 978-659-81404-8. There are 10 copies available, and the current availability status is: No.

Book BK 7307 367: 'Practical Time Series Analysis', authored by Stuart Russell and Peter Norvig, was published by O'Reilly Media in its 8th edition. It belongs to the Chemistry genre and has ISBN 978-996-852146-0. There are 3 copies available, and the current availability status is: No.

Book BK 6951 685: 'Artificial Intelligence: A Modern Approach', authored by David R. Shaffer, was published by Wiley in its 7th edition. It belongs to the Biology genre and has ISBN 978-936-76347-0. There are 9 copies available, and the current availability status is: Yes.

Book BK 7112 236: 'Advanced Calculus', authored by Thomas H. Cormen, Charles E. Leiserson, Ronald L. Rivest, Clifford Stein, was published by Springer in its 9th edition. It belongs to the Mathematics genre and has ISBN 978-906-56380-3. There are 8 copies available, and the current availability status is: No.

Book BK 2959 907: 'History of Modern Psychology', authored by Trevor Hastie, Robert Tibshirani, Jerome Friedman, was published by Oxford University Press in its 9th edition. It belongs to the Computer Science genre and has ISBN 978-212-351661-1. There are 1 copies available, and the current availability status is: No.

Book BK 7415 882: 'Fundamentals of Bioinformatics', authored by David G. Myers, was published by Wiley in its 1st edition. It belongs to the Biology genre and has ISBN 978-751-82288-5. There are 3 copies available, and the current availability status is: Yes.

Book BK 2870 200: 'Practical Time Series Analysis', authored by Satish Chandra, was published by Wiley in its 7th edition. It belongs to the Mathematics genre and has ISBN 978-796-755612-5. There are 3 copies available, and the current availability status is: No.

Book BK 4921 396: 'Digital Image Processing', authored by Andrew Ng, was published by Cengage in its 10th edition. It belongs to the Artificial Intelligence genre and has ISBN 978-505-347345-7. There are 5 copies available, and the current availability status is: Yes.

Book BK 8002 885: 'Algorithms: Design and Analysis', authored by Rafael C. Gonzalez and Richard E. Woods, was published by Cengage in its 3rd edition. It belongs to the Data Science genre and has ISBN 978-766-710531-9. There are 7 copies available, and the current availability status is: Yes.

Book BK 7547 935: 'Advanced Calculus', authored by Anthony Giddens, was published by Wiley in its 9th edition. It belongs to the Analytics genre and has ISBN 978-677-171583-4. There are 7 copies available, and the current availability status is: Yes.

Book BK 6009 263: 'Indian Culture and Heritage', authored by Aileen Nielsen, was published by Wiley in its 9th edition. It belongs to the Biology genre and has ISBN 978-674-812242-0. There are 1 copies available, and the current availability status is: No.

Book BK 4930 438: 'Statistics for Machine Learning', authored by Michael E. Hyland and Christine M. Rowland, was published by Wiley in its 1st edition. It belongs to the Mathematics genre and has ISBN 978-660-983636-0. There are 6 copies available, and the current availability status is: Yes.

Book BK 6034 271: 'Biology: A Global Approach', authored by Jake VanderPlas, was published by Springer in its 10th edition. It belongs to the Data Science genre and has ISBN 978-843-169829-8. There are 6 copies available, and the current availability status is: No.

Book BK 2341 122: 'Organic Chemistry', authored by Steven Bird, Ewan Klein, Edward Loper, was published by Springer in its 3rd edition. It belongs to the Data Science genre and has ISBN 978-233-151910-8. There are 4 copies available, and the current availability status is: Yes.

Book BK 6243 708: 'Psychology: Themes and Variations', authored by Abraham Silberschatz, Peter B. Galvin, Greg Gagne, was published by Oxford University Press in its 9th edition. It belongs to the

Biology genre and has ISBN 978-598-500941-8. There are 7 copies available, and the current availability status is: No.

Book BK 1445 685: 'Psychology: Themes and Variations', authored by David J. Griffiths, was published by Springer in its 5th edition. It belongs to the Physics genre and has ISBN 978-70-580348-0. There are 9 copies available, and the current availability status is: No.

Book BK 8797 646: 'Data Science for Business', authored by Thomas H. Cormen, Charles E. Leiserson, Ronald L. Rivest, Clifford Stein, was published by O'Reilly Media in its 9th edition. Book BK 2866 973: 'Biology: A Global Approach', authored by Mary L. Boas, was published by Wiley in its 1st edition. It belongs to the Computer Science genre and has ISBN 978-270-932227-2. There are 9 copies available, and the current availability status is: No.

Book BK 9459 598: 'Cognitive Psychology and Its Implications', authored by David Bressoud, was published by Wiley in its 10th edition. It belongs to the Mathematics genre and has ISBN 978-834-869443-5. There are 8 copies available, and the current availability status is: Yes.

Book BK 3918 685: 'Indian Culture and Heritage', authored by William Strunk Jr. and E. B. White, was published by Cengage in its 1st edition. It belongs to the Analytics genre and has ISBN 978-320-661164-9. There are 8 copies available, and the current availability status is: No.

Book BK 1734 782: 'Business Analytics: Methods, Models, and Decisions', authored by Neil A. Campbell, was published by O'Reilly Media in its 7th edition. It belongs to the Mathematics genre and has ISBN 978-932-847669-2. There are 6 copies available, and the current availability status is: Yes.

Book BK 2944 562: 'Macroeconomics: Principles and Policy', authored by Dan E. Krane and Michael L. Raymer, was published by Pearson in its 6th edition. It belongs to the Artificial Intelligence genre and has ISBN 978-865-298889-5. There are 1 copies available, and the current availability status is:

No.

Book BK 8007 655: 'Advanced Calculus', authored by Aileen Nielsen, was published by Cengage in its 6th edition. It belongs to the Physics genre and has ISBN 978-338-497849-7. There are 2 copies available, and the current availability status is: Yes.

Book BK 9770 155: 'Machine Learning Yearning', authored by Wayne Weiten, was published by Pearson in its 9th edition. It belongs to the Analytics genre and has ISBN 978-35-38785-3. There are 2 copies available, and the current availability status is: No.

Book BK 2433 369: 'Statistics for Machine Learning', authored by David Bressoud, was published by Oxford University Press in its 3rd edition. It belongs to the Data Science genre and has ISBN 978-201-469623-3. There are 7 copies available, and the current availability status is: No.

Book BK 6093 172: 'Macroeconomics: Principles and Policy', authored by Abraham Silberschatz, Peter B. Galvin, Greg Gagne, was published by Oxford University Press in its 1st edition. It belongs to the Machine Learning genre and has ISBN 978-381-508100-6. There are 5 copies available, and the current availability status is: No.

Book BK 7091 496: 'Psychology: Themes and Variations', authored by N. Gregory Mankiw, was published by Wiley in its 7th edition. It belongs to the Physics genre and has ISBN 978-240-25728-0. There are 9 copies available, and the current availability status is: No.

Book BK 7630 779: 'Machine Learning Yearning', authored by Abraham Silberschatz, Peter B. Galvin, Greg Gagne, was published by Oxford University Press in its 1st edition. It belongs to the English genre and has ISBN 978-705-482012-2. There are 5 copies available, and the current availability status is: Yes.

Book BK 2559 779: 'Introduction to Deep Learning', authored by Trevor Hastie, Robert Tibshirani, Jerome Friedman, was published by Oxford University Press in its 5th edition. It belongs to the Biology genre and has ISBN 978-341-110876-3. There are 10 copies available, and the current availability status is: Yes.

Book BK 7849 602: 'Mathematical Methods in the Physical Sciences', authored by Thomas H. Cormen, Charles E. Leiserson, Ronald L. Rivest, Clifford Stein, was published by Wiley in its 1st edition. It belongs to the Analytics genre and has ISBN 978-47-917999-0. There are 5 copies available, and the current availability status is: Yes.

Book BK 3722 573: 'Python Data Science Handbook', authored by Michael E. Hyland and Christine M. Rowland, was published by Springer in its 10th edition. It belongs to the Computer Science genre and has ISBN 978-349-653634-5. There are 1 copies available, and the current availability status is: No.

Book BK 1701 159: 'Introduction to Sociology', authored by Richard S. Sutton and Andrew G. Barto, was published by Wiley in its 5th edition. It belongs to the Mathematics genre and has ISBN 978-882-589890-2. There are 2 copies available, and the current availability status is: Yes.

Book BK 9156 801: 'The Elements of Style', authored by Neil A. Campbell, was published by Cengage in its 10th edition. It belongs to the Mathematics genre and has ISBN 978-699-5885-8. There are 2 copies available, and the current availability status is: Yes.

Book BK 6443 674: 'Operating System Concepts', authored by Stuart Russell and Peter Norvig, was published by Cengage in its 4th edition. It belongs to the Chemistry genre and has ISBN 978-968-326871-2. There are 8 copies available, and the current availability status is: Yes.

Book BK 8217 528: 'Business Analytics: Methods, Models, and Decisions', authored by N. Gregory Mankiw, was published by Springer in its 5th edition. It belongs to the English genre and has ISBN 978-664-947883-0. There are 5 copies available, and the current availability status is: Yes.

Book BK 2463 857: 'Machine Learning Yearning', authored by David G. Myers, was published by Springer in its 5th edition. It belongs to the Computer Science genre and has ISBN 978-878-613134-1. There are 7 copies available, and the current availability status is: No.

Book BK 9686 372: 'Algorithms: Design and Analysis', authored by Paula Yurkanis Bruice, was published by Pearson in its 5th edition. It belongs to the Artificial Intelligence genre and has ISBN 978-356-574992-8. There are 6 copies available, and the current availability status is: No.

Book BK 8622 788: 'Psychology: Themes and Variations', authored by William Strunk Jr. and E. B. White, was published by Springer in its 5th edition. It belongs to the Mathematics genre and has ISBN 978-635-174990-2. There are 9 copies available, and the current availability status is: No.

Book BK 4422 700: 'Digital Image Processing', authored by Richard S. Sutton and Andrew G. Barto, was published by Wiley in its 1st edition. It belongs to the Mathematics genre and has ISBN 978-579-442285-8. There are 4 copies available, and the current availability status is: No.

Book BK 9315 165: 'Algorithms: Design and Analysis', authored by Andrew Ng, was published by Oxford University Press in its 8th edition. It belongs to the English genre and has ISBN 978-547-609054-0. There are 3 copies available, and the current availability status is: No.

Book BK 4056 859: 'Fundamentals of Bioinformatics', authored by Aileen Nielsen, was published by Pearson in its 5th edition. It belongs to the Machine Learning genre and has ISBN

978-553-812730-4. There are 5 copies available, and the current availability status is: Yes.

Book BK 2502 787: 'The Elements of Style', authored by Thomas H. Cormen, Charles E. Leiserson, Ronald L. Rivest, Clifford Stein, was published by Wiley in its 1st edition. It belongs to the Data Science genre and has ISBN 978-362-270231-1. There are 7 copies available, and the current availability status is: Yes.

Book BK 4720 567: 'Indian Culture and Heritage', authored by William Strunk Jr. and E. B. White, was published by Pearson in its 3rd edition. It belongs to the Psychology genre and has ISBN 978-536-921685-0. There are 1 copies available, and the current availability status is: Yes.

Book BK 8152 301: 'Operating System Concepts', authored by Neil A. Campbell, was published by Springer in its 6th edition. It belongs to the Chemistry genre and has ISBN 978-549-386381-7. There are 10 copies available, and the current availability status is: No.

Book BK 8816 518: 'Fundamentals of Bioinformatics', authored by Andrew Ng, was published by Wiley in its 7th edition. It belongs to the Artificial Intelligence genre and has ISBN 978-952-834388-8. There are 10 copies available, and the current availability status is: Yes.

Book BK 1873 498: 'History of Modern Psychology', authored by Foster Provost and Tom Fawcett, was published by Springer in its 5th edition. It belongs to the Social Sciences genre and has ISBN 978-292-458332-3. There are 2 copies available, and the current availability status is: Yes.

Book BK 5459 638: 'Chemical Principles', authored by Rafael C. Gonzalez and Richard E. Woods, was published by Springer in its 7th edition. It belongs to the Chemistry genre and has ISBN 978-541-276140-9. There are 1 copies available, and the current availability status is: No.

Book BK 1699 819: 'Organic Chemistry', authored by James R. Evans, was published by Pearson in its 4th edition. It belongs to the Social Sciences genre and has ISBN 978-948-882660-6. There are 6 copies available, and the current availability status is: No.

Book BK 4602 989: 'Artificial Intelligence: A Modern Approach', authored by Abraham Silberschatz, Peter B. Galvin, Greg Gagne, was published by Cengage in its 9th edition. It belongs to the Chemistry genre and has ISBN 978-769-745046-9. There are 8 copies available, and the current availability status is: Yes.

Book BK 6364 546: 'Practical Time Series Analysis', authored by Abraham Silberschatz, Peter B. Galvin, Greg Gagne, was published by Springer in its 2nd edition. It belongs to the English genre and has ISBN 978-371-509605-4. There are 8 copies available, and the current availability status is: No.

Book BK 6401 654: 'Biology: A Global Approach', authored by Raymond Murphy, was published by Wiley in its 4th edition. It belongs to the Machine Learning genre and has ISBN 978-838-208809-6. There are 5 copies available, and the current availability status is: No.

Book BK 8233 982: 'Business Analytics: Methods, Models, and Decisions', authored by Mary L. Boas, was published by Springer in its 9th edition. It belongs to the Social Sciences genre and has ISBN 978-749-88181-0. There are 4 copies available, and the current availability status is: No.

Book BK 6491 793: 'Macroeconomics: Principles and Policy', authored by Aileen Nielsen, was published by Cengage in its 7th edition. It belongs to the Computer Science genre and has ISBN 978-610-891405-9. There are 2 copies available, and the current availability status is: Yes.

Book BK 2280 174: 'Fundamentals of Bioinformatics', authored by David Bressoud, was published

by Wiley in its 3rd edition. It belongs to the Psychology genre and has ISBN 978-443-367447-4.

There are 3 copies available, and the current availability status is: Yes.

Book BK 7973 166: 'Organic Chemistry', authored by David G. Myers, was published by Springer in its 7th edition. It belongs to the Chemistry genre and has ISBN 978-806-818426-9. There are 5 copies available, and the current availability status is: Yes.

Book BK 6679 293: 'Data Science for Business', authored by Foster Provost and Tom Fawcett, was published by Wiley in its 5th edition. It belongs to the Artificial Intelligence genre and has ISBN 978-523-713423-9. There are 3 copies available, and the current availability status is: Yes.

Book BK 1922 366: 'Mathematical Methods in the Physical Sciences', authored by Raymond Murphy, was published by O'Reilly Media in its 5th edition. It belongs to the Artificial Intelligence genre and has ISBN 978-806-327952-0. There are 5 copies available, and the current availability status is: No.

Book BK 9683 822: 'Fundamentals of Bioinformatics', authored by David J. Griffiths, was published by O'Reilly Media in its 6th edition. It belongs to the Artificial Intelligence genre and has ISBN 978-112-801254-8. There are 1 copies available, and the current availability status is: No.

Book BK 4698 336: 'Data Science for Business', authored by N. Gregory Mankiw, was published by Springer in its 4th edition. It belongs to the Analytics genre and has ISBN 978-990-172121-0. There are 1 copies available, and the current availability status is: Yes.

Book BK 6468 902: 'English Literature: A Very Short Introduction', authored by Jake VanderPlas, was published by Springer in its 1st edition. It belongs to the Physics genre and has ISBN 978-289-802993-9. There are 1 copies available, and the current availability status is: No.

Book BK 9901 648: 'Python Data Science Handbook', authored by Anthony Giddens, was published by Wiley in its 5th edition. It belongs to the Artificial Intelligence genre and has ISBN 978-799-503322-7. There are 9 copies available, and the current availability status is: Yes.

Book BK 8451 676: 'Macroeconomics: Principles and Policy', authored by Trevor Hastie, Robert Tibshirani, Jerome Friedman, was published by Pearson in its 1st edition. It belongs to the Mathematics genre and has ISBN 978-859-945726-5. There are 10 copies available, and the current availability status is: No.

Book BK 4819 336: 'Indian Culture and Heritage', authored by David J. Griffiths, was published by O'Reilly Media in its 9th edition. It belongs to the English genre and has ISBN 978-907-578023-1. There are 1 copies available, and the current availability status is: Yes.

Book BK 6317 743: 'Organic Chemistry', authored by James R. Evans, was published by Wiley in its 2nd edition. It belongs to the Physics genre and has ISBN 978-69-235696-2. There are 4 copies available, and the current availability status is: Yes.

Book BK 8379 173: 'Chemical Principles', authored by Richard S. Sutton and Andrew G. Barto, was published by Springer in its 7th edition. It belongs to the Physics genre and has ISBN 978-586-869093-7. There are 3 copies available, and the current availability status is: No.

Book BK 1853 304: 'Developmental Psychology', authored by William Strunk Jr. and E. B. White, was published by Springer in its 6th edition. It belongs to the Psychology genre and has ISBN 978-362-26416-9. There are 2 copies available, and the current availability status is: No.

Book BK 2056 132: 'Digital Image Processing', authored by Andrew Ng, was published by Oxford

University Press in its 9th edition. It belongs to the English genre and has ISBN 978-476-795116-1.

There are 7 copies available, and the current availability status is: No.

Book BK 9740 666: 'Cognitive Psychology and Its Implications', authored by William Strunk Jr. and E. B. White, was published by Pearson in its 4th edition. It belongs to the Chemistry genre and has ISBN 978-20-381750-9. There are 8 copies available, and the current availability status is: No.

Book BK 8764 427: 'History of Modern Psychology', authored by Dan E. Krane and Michael L. Raymer, was published by Springer in its 6th edition. It belongs to the Biology genre and has ISBN 978-906-753658-5. There are 7 copies available, and the current availability status is: Yes.

Book BK 9746 813: 'Python Data Science Handbook', authored by Michael E. Hyland and Christine M. Rowland, was published by Cengage in its 6th edition. It belongs to the Artificial Intelligence genre and has ISBN 978-720-649180-6. There are 6 copies available, and the current availability status is: Yes.

Book BK 7454 393: 'Fundamentals of Bioinformatics', authored by James R. Evans, was published by Springer in its 4th edition. It belongs to the English genre and has ISBN 978-524-266685-5. There are 4 copies available, and the current availability status is: No.

Book BK 6547 361: 'Macroeconomics: Principles and Policy', authored by Dan E. Krane and Michael L. Raymer, was published by Cengage in its 4th edition. It belongs to the Analytics genre and has ISBN 978-276-88533-0. There are 6 copies available, and the current availability status is: Yes.

Book BK 9797 474: 'Psychology: Themes and Variations', authored by Trevor Hastie, Robert Tibshirani, Jerome Friedman, was published by O'Reilly Media in its 1st edition. It belongs to the Physics genre and has ISBN 978-412-330962-1. There are 3 copies available, and the current

availability status is: No.

Book BK 7664 797: 'Psychology: Themes and Variations', authored by Richard S. Sutton and Andrew G. Barto, was published by Pearson in its 6th edition. It belongs to the Analytics genre and has ISBN 978-307-356789-6. There are 6 copies available, and the current availability status is: Yes.

Book BK 8377 986: 'History of Modern Psychology', authored by Dan E. Krane and Michael L. Raymer, was published by Pearson in its 9th edition. It belongs to the Biology genre and has ISBN 978-726-113971-9. There are 10 copies available, and the current availability status is: Yes.

Book BK 8081 659: 'English Grammar in Use', authored by Abraham Silberschatz, Peter B. Galvin, Greg Gagne, was published by Oxford University Press in its 3rd edition. It belongs to the Computer Science genre and has ISBN 978-380-757828-9. There are 10 copies available, and the current availability status is: Yes.

Book BK 6258 364: 'History of Modern Psychology', authored by David R. Shaffer, was published by O'Reilly Media in its 1st edition. It belongs to the Psychology genre and has ISBN 978-87-742135-0. There are 4 copies available, and the current availability status is: Yes.

Book BK 8215 470: 'Introduction to Sociology', authored by N. Gregory Mankiw, was published by Springer in its 9th edition. It belongs to the Biology genre and has ISBN 978-754-184486-9. There are 1 copies available, and the current availability status is: No.

Book BK 4983 783: 'Macroeconomics: Principles and Policy', authored by Michael E. Hyland and Christine M. Rowland, was published by Oxford University Press in its 9th edition. It belongs to the Psychology genre and has ISBN 978-299-542524-9. There are 1 copies available, and the current

availability status is: Yes.

Book BK 9251 147: 'Organic Chemistry', authored by Jake VanderPlas, was published by Springer in its 4th edition. It belongs to the Analytics genre and has ISBN 978-243-761585-2. There are 2 copies available, and the current availability status is: Yes.

Book BK 5873 462: 'Advanced Calculus', authored by Stuart Russell and Peter Norvig, was published by Springer in its 3rd edition. It belongs to the Chemistry genre and has ISBN 978-626-730707-4. There are 6 copies available, and the current availability status is: No.

Book BK 8074 292: 'Introduction to Sociology', authored by Steven Bird, Ewan Klein, Edward Loper, was published by Cengage in its 4th edition. It belongs to the Biology genre and has ISBN 978-248-583442-8. There are 10 copies available, and the current availability status is: No.

Book BK 6093 741: 'Macroeconomics: Principles and Policy', authored by James R. Evans, was published by O'Reilly Media in its 3rd edition. It belongs to the Artificial Intelligence genre and has ISBN 978-343-510527-2. There are 3 copies available, and the current availability status is: Yes.

Book BK 1110 211: 'Deep Reinforcement Learning', authored by Peter Atkins and Loretta Jones, was published by Wiley in its 4th edition. It belongs to the English genre and has ISBN 978-439-54954-8. There are 10 copies available, and the current availability status is: Yes.

Book BK 2196 607: 'Introduction to Sociology', authored by Peter Atkins and Loretta Jones, was published by Pearson in its 1st edition. It belongs to the Mathematics genre and has ISBN 978-762-656516-6. There are 1 copies available, and the current availability status is: Yes.

Book BK 9471 912: 'Introduction to Sociology', authored by Andrew Ng, was published by Oxford

University Press in its 7th edition. It belongs to the Analytics genre and has ISBN 978-539-707347-8. There are 8 copies available, and the current availability status is: No.

Book BK 7626 111: 'Data Science for Business', authored by Rafael C. Gonzalez and Richard E. Woods, was published by Springer in its 10th edition. It belongs to the Machine Learning genre and has ISBN 978-815-710262-0. There are 6 copies available, and the current availability status is: Yes.

Book BK 7632 989: 'Mathematical Methods in the Physical Sciences', authored by James R. Evans, was published by O'Reilly Media in its 9th edition. It belongs to the Social Sciences genre and has ISBN 978-873-888854-9. There are 7 copies available, and the current availability status is: No.

Book BK 7227 241: 'Fundamentals of Bioinformatics', authored by Steven Bird, Ewan Klein, Edward Loper, was published by Cengage in its 10th edition. It belongs to the Mathematics genre and has ISBN 978-557-168878-7. There are 3 copies available, and the current availability status is: No.

Book BK 5111 139: 'Business Analytics: Methods, Models, and Decisions', authored by Mary L. Boas, was published by Springer in its 1st edition. It belongs to the Physics genre and has ISBN 978-96-788850-2. There are 4 copies available, and the current availability status is: Yes.

Book BK 7495 410: 'Introduction to Deep Learning', authored by David J. Griffiths, was published by O'Reilly Media in its 8th edition. It belongs to the Physics genre and has ISBN 978-709-634879-5. There are 4 copies available, and the current availability status is: Yes.

Book BK 6554 862: 'Algorithms: Design and Analysis', authored by William Strunk Jr. and E. B. White, was published by Oxford University Press in its 5th edition. It belongs to the English genre and has ISBN 978-649-644439-4. There are 6 copies available, and the current availability status is: No.

Book BK 3485 478: 'English Literature: A Very Short Introduction', authored by Foster Provost and Tom Fawcett, was published by Springer in its 6th edition. It belongs to the Machine Learning genre and has ISBN 978-223-413024-4. There are 5 copies available, and the current availability status is: Yes.

Book BK 2964 166: 'Algorithms: Design and Analysis', authored by Trevor Hastie, Robert Tibshirani, Jerome Friedman, was published by Oxford University Press in its 10th edition. It belongs to the Social Sciences genre and has ISBN 978-376-668526-0. There are 10 copies available, and the current availability status is: No.

Book BK 8453 125: 'English Literature: A Very Short Introduction', authored by Richard S. Sutton and Andrew G. Barto, was published by Springer in its 4th edition. It belongs to the Data Science genre and has ISBN 978-664-47060-2. There are 1 copies available, and the current availability status is: Yes.

Book BK 1770 111: 'Indian Culture and Heritage', authored by Michael E. Hyland and Christine M. Rowland, was published by Oxford University Press in its 1st edition. It belongs to the Machine Learning genre and has ISBN 978-684-983093-9. There are 3 copies available, and the current availability status is: Yes.

Book BK 4613 637: 'Operating System Concepts', authored by David R. Shaffer, was published by Cengage in its 3rd edition. It belongs to the English genre and has ISBN 978-373-830169-6. There are 1 copies available, and the current availability status is: Yes.

Book BK 5230 237: 'Artificial Intelligence: A Modern Approach', authored by William Strunk Jr. and E. B. White, was published by Pearson in its 8th edition. It belongs to the Mathematics genre and has ISBN 978-319-464310-2. There are 7 copies available, and the current availability status is: No.

Book BK 1936 674: 'History of Modern Psychology', authored by Jonathan Bate, was published by Wiley in its 3rd edition. It belongs to the Computer Science genre and has ISBN 978-393-584285-0. There are 2 copies available, and the current availability status is: Yes.

Book BK 2451 163: 'History of Modern Psychology', authored by Paula Yurkanis Bruice, was published by Oxford University Press in its 10th edition. It belongs to the Social Sciences genre and has ISBN 978-502-714598-3. There are 10 copies available, and the current availability status is: Yes.

Book BK 6608 438: 'Advanced Calculus', authored by Trevor Hastie, Robert Tibshirani, Jerome Friedman, was published by Wiley in its 1st edition. It belongs to the Chemistry genre and has ISBN 978-695-826450-8. There are 7 copies available, and the current availability status is: No.

Book BK 3325 762: 'Python Data Science Handbook', authored by Andrew Ng, was published by O'Reilly Media in its 9th edition. It belongs to the Social Sciences genre and has ISBN 978-243-954074-3. There are 1 copies available, and the current availability status is: Yes.

Book BK 2340 918: 'Deep Reinforcement Learning', authored by Trevor Hastie, Robert Tibshirani, Jerome Friedman, was published by Wiley in its 2nd edition. It belongs to the Psychology genre and has ISBN 978-702-288044-3. There are 1 copies available, and the current availability status is: Yes.

Book BK 5269 846: 'Psychology: Themes and Variations', authored by James R. Evans, was published by O'Reilly Media in its 6th edition. It belongs to the Analytics genre and has ISBN 978-229-266459-0. There are 5 copies available, and the current availability status is: Yes.

Book BK 2844 386: 'Business Analytics: Methods, Models, and Decisions', authored by Stuart Russell and Peter Norvig, was published by Cengage in its 5th edition. It belongs to the Analytics genre and has ISBN 978-945-241816-1. There are 4 copies available, and the current availability status is: Yes.

Book BK 6039 623: 'Psychology: Themes and Variations', authored by William Strunk Jr. and E. B. White, was published by O'Reilly Media in its 6th edition. It belongs to the Analytics genre and has ISBN 978-964-341857-9. There are 9 copies available, and the current availability status is: No.

Book BK 8909 824: 'Developmental Psychology', authored by Abraham Silberschatz, Peter B. Galvin, Greg Gagne, was published by Cengage in its 9th edition. It belongs to the Computer Science genre and has ISBN 978-464-895503-3. There are 3 copies available, and the current availability status is: No.

Book BK 4557 566: 'Fundamentals of Bioinformatics', authored by Neil A. Campbell, was published by Pearson in its 8th edition. It belongs to the Social Sciences genre and has ISBN 978-707-776094-9. There are 7 copies available, and the current availability status is: Yes.

Book BK 7283 996: 'Developmental Psychology', authored by Richard S. Sutton and Andrew G. Barto, was published by Oxford University Press in its 1st edition. It belongs to the Social Sciences genre and has ISBN 978-218-936323-5. There are 7 copies available, and the current availability status is: No.

Book BK 3050 766: 'Algorithms: Design and Analysis', authored by Paula Yurkanis Bruice, was published by Wiley in its 5th edition. It belongs to the Analytics genre and has ISBN 978-787-694516-5. There are 2 copies available, and the current availability status is: No.

Book BK 1256 815: 'Artificial Intelligence: A Modern Approach', authored by Thomas H. Cormen, Charles E. Leiserson, Ronald L. Rivest, Clifford Stein, was published by Pearson in its 9th edition. It belongs to the Social Sciences genre and has ISBN 978-500-400952-9. There are 4 copies available, and the current availability status is: Yes.

Book BK 5449 374: 'Digital Image Processing', authored by Steven Bird, Ewan Klein, Edward Loper, was published by Oxford University Press in its 8th edition. It belongs to the Chemistry genre and has ISBN 978-12-492161-9. There are 9 copies available, and the current availability status is: Yes.

Book BK 1292 975: 'Machine Learning Yearning', authored by Thomas H. Cormen, Charles E. Leiserson, Ronald L. Rivest, Clifford Stein, was published by Wiley in its 8th edition. It belongs to the Machine Learning genre and has ISBN 978-124-731575-4. There are 5 copies available, and the current availability status is: No.

Book BK 6537 835: 'Developmental Psychology', authored by N. Gregory Mankiw, was published by Pearson in its 9th edition. It belongs to the Physics genre and has ISBN 978-329-599836-8. There are 10 copies available, and the current availability status is: Yes.

Book BK 2124 346: 'Fundamentals of Bioinformatics', authored by Satish Chandra, was published by Pearson in its 4th edition. It belongs to the English genre and has ISBN 978-737-143113-6. There are 8 copies available, and the current availability status is: No.

Book BK 2541 116: 'Data Science for Business', authored by Dan E. Krane and Michael L. Raymer, was published by O'Reilly Media in its 4th edition. It belongs to the Computer Science genre and has ISBN 978-24-689851-9. There are 4 copies available, and the current availability status is: No.

Book BK 3285 680: 'Operating System Concepts', authored by Raymond Murphy, was published by Springer in its 5th edition. It belongs to the Data Science genre and has ISBN 978-996-500055-3. There are 5 copies available, and the current availability status is: No.

Book BK 7130 286: 'Digital Image Processing', authored by Jonathan Bate, was published by Cengage in its 8th edition. It belongs to the Social Sciences genre and has ISBN 978-342-370044-1. There are 2 copies available, and the current availability status is: No.

Book BK 9246 444: 'Business Analytics: Methods, Models, and Decisions', authored by James R. Evans, was published by Cengage in its 3rd edition. It belongs to the Analytics genre and has ISBN 978-578-48862-8. There are 3 copies available, and the current availability status is: No.

Book BK 2169 756: 'Indian Culture and Heritage', authored by Steven Bird, Ewan Klein, Edward Loper, was published by O'Reilly Media in its 3rd edition. It belongs to the Biology genre and has ISBN 978-251-523701-9. There are 3 copies available, and the current availability status is: Yes.

Book BK 7371 242: 'Natural Language Processing with Python', authored by Paula Yurkanis Bruice, was published by Springer in its 5th edition. It belongs to the Machine Learning genre and has ISBN 978-769-334499-0. There are 10 copies available, and the current availability status is: Yes.

Book BK 5490 853: 'Machine Learning Yearning', authored by Steven Bird, Ewan Klein, Edward Loper, was published by Wiley in its 6th edition. It belongs to the Machine Learning genre and has ISBN 978-606-772919-3. There are 6 copies available, and the current availability status is: No.

Book BK 7164 808: 'Organic Chemistry', authored by David R. Shaffer, was published by Pearson in its 10th edition. It belongs to the Machine Learning genre and has ISBN 978-630-174046-2. There are 10 copies available, and the current availability status is: No.

Book BK 8450 815: 'English Grammar in Use', authored by Stuart Russell and Peter Norvig, was published by Cengage in its 1st edition. It belongs to the Data Science genre and has ISBN 978-535-365294-8. There are 2 copies available, and the current availability status is: Yes.

Book BK 5774 213: 'Developmental Psychology', authored by Stuart Russell and Peter Norvig, was published by Oxford University Press in its 2nd edition. It belongs to the Psychology genre and has ISBN 978-162-695695-0. There are 4 copies available, and the current availability status is: Yes.

Book BK 4611 695: 'History of Modern Psychology', authored by Dan E. Krane and Michael L. Raymer, was published by Wiley in its 6th edition. It belongs to the Mathematics genre and has ISBN 978-725-174578-3. There are 9 copies available, and the current availability status is: No.

Book BK 4141 249: 'Natural Language Processing with Python', authored by David R. Shaffer, was published by Wiley in its 7th edition. It belongs to the Data Science genre and has ISBN

978-90-616265-8. There are 6 copies available, and the current availability status is: Yes.

Book BK 6563 260: 'Data Science for Business', authored by N. Gregory Mankiw, was published by Cengage in its 5th edition. It belongs to the Mathematics genre and has ISBN 978-581-436608-5. There are 9 copies available, and the current availability status is: No.

Book BK 8659 451: 'Machine Learning Yearning', authored by David J. Griffiths, was published by Springer in its 3rd edition. It belongs to the Mathematics genre and has ISBN 978-422-702944-4. There are 2 copies available, and the current availability status is: No.

Book BK 6060 573: 'The Elements of Style', authored by Mary L. Boas, was published by Oxford University Press in its 1st edition. It belongs to the Physics genre and has ISBN 978-645-587667-9. There are 10 copies available, and the current availability status is: Yes.

Book BK 6408 248: 'Introduction to Quantum Mechanics', authored by Steven Bird, Ewan Klein, Edward Loper, was published by Wiley in its 2nd edition. It belongs to the Analytics genre and has ISBN 978-141-970496-9. There are 3 copies available, and the current availability status is: Yes.

Book BK 9886 121: 'Chemical Principles', authored by Andrew Ng, was published by Oxford University Press in its 5th edition. It belongs to the Biology genre and has ISBN 978-507-650621-2. There are 5 copies available, and the current availability status is: No.

Book BK 1466 941: 'History of Modern Psychology', authored by David G. Myers, was published by Springer in its 8th edition. It belongs to the Psychology genre and has ISBN 978-482-898310-5. There are 1 copies available, and the current availability status is: Yes.

Book BK 7718 343: 'Operating System Concepts', authored by Rafael C. Gonzalez and Richard E.

Woods, was published by Oxford University Press in its 2nd edition. It belongs to the Machine Learning genre and has ISBN 978-551-822717-2. There are 9 copies available, and the current availability status is: No.

Book BK 1359 820: 'Operating System Concepts', authored by Trevor Hastie, Robert Tibshirani, Jerome Friedman, was published by Wiley in its 1st edition. It belongs to the Computer Science genre and has ISBN 978-707-135194-7. There are 3 copies available, and the current availability status is: No.

Book BK 4323 373: 'Macroeconomics: Principles and Policy', authored by Anthony Giddens, was published by O'Reilly Media in its 3rd edition. It belongs to the Chemistry genre and has ISBN 978-160-860005-4. There are 5 copies available, and the current availability status is: No.

Book BK 1124 380: 'English Literature: A Very Short Introduction', authored by Wayne Weiten, was published by Cengage in its 6th edition. It belongs to the Artificial Intelligence genre and has ISBN 978-978-375743-3. There are 8 copies available, and the current availability status is: No.

Book BK 7456 616: 'Artificial Intelligence: A Modern Approach', authored by Steven Bird, Ewan Klein, Edward Loper, was published by Wiley in its 9th edition. It belongs to the Computer Science genre and has ISBN 978-136-693162-5. There are 1 copies available, and the current availability status is: Yes.

Book BK 8656 144: 'Digital Image Processing', authored by Foster Provost and Tom Fawcett, was published by Cengage in its 1st edition. It belongs to the Chemistry genre and has ISBN 978-247-959106-4. There are 3 copies available, and the current availability status is: Yes.

Book BK 9922 507: 'Developmental Psychology', authored by James R. Evans, was published by

Cengage in its 4th edition. It belongs to the English genre and has ISBN 978-659-454063-6. There are 2 copies available, and the current availability status is: No.

Book BK 8189 421: 'Fundamentals of Bioinformatics', authored by Paula Yurkanis Bruice, was published by Springer in its 8th edition. It belongs to the Computer Science genre and has ISBN 978-373-722520-8. There are 6 copies available, and the current availability status is: Yes.

Book BK 8176 237: 'Data Science for Business', authored by David J. Griffiths, was published by Wiley in its 3rd edition. It belongs to the Machine Learning genre and has ISBN 978-337-671803-3. There are 5 copies available, and the current availability status is: No.

Book BK 5963 192: 'Indian Culture and Heritage', authored by David R. Shaffer, was published by Pearson in its 2nd edition. It belongs to the English genre and has ISBN 978-141-269190-5. There are 7 copies available, and the current availability status is: No.

Book BK 5599 227: 'Macroeconomics: Principles and Policy', authored by Peter Atkins and Loretta Jones, was published by O'Reilly Media in its 8th edition. It belongs to the Social Sciences genre and has ISBN 978-267-537898-6. There are 9 copies available, and the current availability status is: Yes.

Book BK 4567 427: 'English Grammar in Use', authored by David Bressoud, was published by O'Reilly Media in its 9th edition. It belongs to the Biology genre and has ISBN 978-977-81859-6. There are 5 copies available, and the current availability status is: No.

Book BK 8472 615: 'Cognitive Psychology and Its Implications', authored by Wayne Weiten, was published by O'Reilly Media in its 3rd edition. It belongs to the Physics genre and has ISBN 978-19-476027-6. There are 6 copies available, and the current availability status is: Yes.

Book BK 9258 224: 'Deep Reinforcement Learning', authored by Trevor Hastie, Robert Tibshirani, Jerome Friedman, was published by Oxford University Press in its 3rd edition. It belongs to the Artificial Intelligence genre and has ISBN 978-106-481138-4. There are 6 copies available, and the current availability status is: Yes.

Book BK 4632 750: 'Cognitive Psychology and Its Implications', authored by Aileen Nielsen, was published by Springer in its 7th edition. It belongs to the Social Sciences genre and has ISBN 978-652-718645-8. There are 4 copies available, and the current availability status is: Yes.

Book BK 3951 320: 'The Elements of Style', authored by Andrew Ng, was published by Cengage in its 10th edition. It belongs to the Artificial Intelligence genre and has ISBN 978-221-437641-8. There are 10 copies available, and the current availability status is: Yes.

Book BK 1214 423: 'Psychology: Themes and Variations', authored by Neil A. Campbell, was published by Cengage in its 10th edition. It belongs to the Chemistry genre and has ISBN 978-783-265334-5. There are 3 copies available, and the current availability status is: No.

Book BK 4002 802: 'Practical Time Series Analysis', authored by Michael E. Hyland and Christine M. Rowland, was published by Wiley in its 5th edition. It belongs to the Chemistry genre and has

ISBN 978-898-276692-7. There are 4 copies available, and the current availability status is: No.

Book BK 2441 317: 'Indian Culture and Heritage', authored by Wayne Weiten, was published by Cengage in its 2nd edition. It belongs to the English genre and has ISBN 978-296-960596-0. There are 4 copies available, and the current availability status is: No.

Book BK 1396 178: 'Chemical Principles', authored by Anthony Giddens, was published by Springer in its 9th edition. It belongs to the Mathematics genre and has ISBN 978-370-60920-8. There are 4 copies available, and the current availability status is: Yes.

Book BK 6517 891: 'Chemical Principles', authored by James R. Evans, was published by Cengage in its 4th edition. It belongs to the Artificial Intelligence genre and has ISBN 978-835-426551-0. There are 2 copies available, and the current availability status is: No.

Book BK 6715 775: 'Python Data Science Handbook', authored by David G. Myers, was published by Wiley in its 7th edition. It belongs to the Mathematics genre and has ISBN 978-95-279443-3. There are 7 copies available, and the current availability status is: No.

Book BK 9436 199: 'English Grammar in Use', authored by Andrew Ng, was published by Cengage in its 10th edition. It belongs to the Chemistry genre and has ISBN 978-282-552639-7. There are 4 copies available, and the current availability status is: No.

Book BK 6204 875: 'Data Science for Business', authored by David J. Griffiths, was published by Oxford University Press in its 1st edition. It belongs to the Physics genre and has ISBN 978-227-362764-8. There are 9 copies available, and the current availability status is: Yes.

Book BK 1264 615: 'Biology: A Global Approach', authored by Raymond Murphy, was published by

Springer in its 9th edition. It belongs to the Analytics genre and has ISBN 978-590-802422-5. There are 6 copies available, and the current availability status is: No.

Book BK 7658 845: 'Introduction to Sociology', authored by David G. Myers, was published by O'Reilly Media in its 2nd edition. It belongs to the Biology genre and has ISBN 978-498-616685-2. There are 8 copies available, and the current availability status is: Yes.

Book BK 8229 108: 'Biology: A Global Approach', authored by David J. Griffiths, was published by Wiley in its 4th edition. It belongs to the Physics genre and has ISBN 978-643-21263-7. There are 1 copies available, and the current availability status is: No.

Book BK 9556 899: 'Cognitive Psychology and Its Implications', authored by Satish Chandra, was published by Pearson in its 7th edition. It belongs to the Analytics genre and has ISBN 978-423-728621-0. There are 5 copies available, and the current availability status is: No.

Book BK 6510 669: 'Natural Language Processing with Python', authored by David Bressoud, was published by Wiley in its 3rd edition. It belongs to the Psychology genre and has ISBN 978-124-149121-4. There are 8 copies available, and the current availability status is: Yes.

Book BK 6838 443: 'Biology: A Global Approach', authored by Andrew Ng, was published by Oxford University Press in its 8th edition. It belongs to the Psychology genre and has ISBN 978-953-712945-4. There are 7 copies available, and the current availability status is: Yes.

Book BK 5884 315: 'Chemical Principles', authored by Abraham Silberschatz, Peter B. Galvin, Greg Gagne, was published by Wiley in its 6th edition. It belongs to the Mathematics genre and has ISBN 978-37-256731-4. There are 4 copies available, and the current availability status is: Yes.

Book BK 3090 422: 'Business Analytics: Methods, Models, and Decisions', authored by Aileen Nielsen, was published by Wiley in its 5th edition. It belongs to the Mathematics genre and has ISBN 978-1-447308-3. There are 10 copies available, and the current availability status is: No.

Book BK 3785 262: 'Operating System Concepts', authored by Neil A. Campbell, was published by Wiley in its 7th edition. It belongs to the English genre and has ISBN 978-315-132675-9. There are 5 copies available, and the current availability status is: Yes.

Book BK 5685 452: 'Mathematical Methods in the Physical Sciences', authored by Wayne Weiten, was published by Cengage in its 5th edition. It belongs to the Social Sciences genre and has ISBN 978-875-432866-1. There are 7 copies available, and the current availability status is: Yes.

Book BK 3471 215: 'Fundamentals of Bioinformatics', authored by Stuart Russell and Peter Norvig, was published by Wiley in its 2nd edition. It belongs to the English genre and has ISBN 978-233-716342-2. There are 10 copies available, and the current availability status is: Yes.

Book BK 4120 116: 'Introduction to Sociology', authored by Dan E. Krane and Michael L. Raymer, was published by Wiley in its 7th edition. It belongs to the Data Science genre and has ISBN 978-588-695971-4. There are 10 copies available, and the current availability status is: Yes.

Book BK 5967 628: 'Introduction to Quantum Mechanics', authored by William Strunk Jr. and E. B. White, was published by O'Reilly Media in its 4th edition. It belongs to the Social Sciences genre and has ISBN 978-195-917130-5. There are 4 copies available, and the current availability status is: Yes.

Book BK 8032 567: 'Python Data Science Handbook', authored by Michael E. Hyland and Christine M. Rowland, was published by Cengage in its 10th edition. It belongs to the Artificial Intelligence

genre and has ISBN 978-830-317609-3. There are 2 copies available, and the current availability status is: No.

Book BK 5369 239: 'Practical Time Series Analysis', authored by Abraham Silberschatz, Peter B. Galvin, Greg Gagne, was published by Cengage in its 5th edition. It belongs to the Analytics genre and has ISBN 978-239-930823-4. There are 3 copies available, and the current availability status is: Yes.

Book BK 3723 718: 'Macroeconomics: Principles and Policy', authored by David Bressoud, was published by Wiley in its 4th edition. It belongs to the Biology genre and has ISBN 978-415-937554-1. There are 9 copies available, and the current availability status is: No.

Book BK 4176 785: 'Introduction to Quantum Mechanics', authored by David G. Myers, was published by Wiley in its 1st edition. It belongs to the Psychology genre and has ISBN 978-28-793339-9. There are 3 copies available, and the current availability status is: No.

Book BK 5342 737: 'Introduction to Deep Learning', authored by Richard S. Sutton and Andrew G. Barto, was published by Pearson in its 10th edition. It belongs to the Biology genre and has ISBN 978-514-649051-9. There are 4 copies available, and the current availability status is: No.

Book BK 5171 901: 'English Grammar in Use', authored by Trevor Hastie, Robert Tibshirani, Jerome Friedman, was published by Springer in its 5th edition. It belongs to the Computer Science genre and has ISBN 978-894-551374-7. There are 5 copies available, and the current availability status is: No.

Book BK 7656 981: 'Macroeconomics: Principles and Policy', authored by William Strunk Jr. and E. B. White, was published by Oxford University Press in its 10th edition. It belongs to the Chemistry

genre and has ISBN 978-403-579980-0. There are 8 copies available, and the current availability status is: No.

Book BK 6304 785: 'Artificial Intelligence: A Modern Approach', authored by Michael E. Hyland and Christine M. Rowland, was published by Springer in its 10th edition. It belongs to the Computer Science genre and has ISBN 978-63-618291-3. There are 3 copies available, and the current availability status is: Yes.

Book BK 9550 383: 'Introduction to Deep Learning', authored by David R. Shaffer, was published by O'Reilly Media in its 5th edition. It belongs to the Physics genre and has ISBN 978-994-149541-3. There are 9 copies available, and the current availability status is: No.

Book BK 8634 415: 'Introduction to Quantum Mechanics', authored by David G. Myers, was published by Cengage in its 9th edition. It belongs to the Data Science genre and has ISBN 978-660-376019-6. There are 8 copies available, and the current availability status is: Yes.

Book BK 1415 970: 'Psychology: Themes and Variations', authored by Peter Atkins and Loretta Jones, was published by O'Reilly Media in its 7th edition. It belongs to the Mathematics genre and has ISBN 978-245-805683-7. There are 9 copies available, and the current availability status is: No.

Book BK 6235 666: 'Business Analytics: Methods, Models, and Decisions', authored by Mary L. Boas, was published by O'Reilly Media in its 7th edition. It belongs to the Analytics genre and has ISBN 978-240-493122-0. There are 4 copies available, and the current availability status is: No.

Book BK 5141 448: 'Artificial Intelligence: A Modern Approach', authored by Anthony Giddens, was published by Oxford University Press in its 4th edition. It belongs to the Machine Learning genre and has ISBN 978-805-190480-2. There are 6 copies available, and the current availability status is:

Yes.

Book BK 9053 695: 'Python Data Science Handbook', authored by Richard S. Sutton and Andrew G. Barto, was published by Cengage in its 4th edition. It belongs to the Analytics genre and has ISBN 978-44-439961-8. There are 7 copies available, and the current availability status is: Yes.

Book BK 9569 169: 'Introduction to Deep Learning', authored by Raymond Murphy, was published by Oxford University Press in its 2nd edition. It belongs to the Machine Learning genre and has ISBN 978-401-254221-6. There are 4 copies available, and the current availability status is: Yes.

Book BK 3957 406: 'Developmental Psychology', authored by William Strunk Jr. and E. B. White, was published by Pearson in its 3rd edition. It belongs to the Psychology genre and has ISBN 978-437-649493-6. There are 7 copies available, and the current availability status is: No.

Book BK 3611 194: 'Indian Culture and Heritage', authored by Dan E. Krane and Michael L. Raymer, was published by Wiley in its 5th edition. It belongs to the Biology genre and has ISBN 978-27-192976-8. There are 10 copies available, and the current availability status is: No.

Book BK 2974 915: 'Advanced Calculus', authored by Trevor Hastie, Robert Tibshirani, Jerome Friedman, was published by Springer in its 2nd edition. It belongs to the Biology genre and has ISBN 978-464-950958-4. There are 2 copies available, and the current availability status is: No.

Book BK 8086 379: 'Macroeconomics: Principles and Policy', authored by David J. Griffiths, was published by Pearson in its 3rd edition. It belongs to the Analytics genre and has ISBN 978-362-494003-8. There are 10 copies available, and the current availability status is: No.

Book BK 8559 710: 'Chemical Principles', authored by David J. Griffiths, was published by Pearson

in its 3rd edition. It belongs to the Artificial Intelligence genre and has ISBN 978-116-82052-7. There are 5 copies available, and the current availability status is: Yes.

Book BK 7413 330: 'Operating System Concepts', authored by David Bressoud, was published by Pearson in its 10th edition. It belongs to the Mathematics genre and has ISBN 978-965-859468-5. There are 4 copies available, and the current availability status is: Yes.

Book BK 1971 490: 'Organic Chemistry', authored by Dan E. Krane and Michael L. Raymer, was published by Wiley in its 5th edition. It belongs to the Social Sciences genre and has ISBN 978-631-777668-0. There are 3 copies available, and the current availability status is: Yes.

Book BK 4853 514: 'History of Modern Psychology', authored by Anthony Giddens, was published by Springer in its 5th edition. It belongs to the English genre and has ISBN 978-552-536833-0. There are 2 copies available, and the current availability status is: Yes.

Book BK 6979 277: 'English Literature: A Very Short Introduction', authored by David R. Shaffer, was published by Oxford University Press in its 3rd edition. It belongs to the Data Science genre and has ISBN 978-882-669431-6. There are 2 copies available, and the current availability status is: No.

Book BK 6554 508: 'Practical Time Series Analysis', authored by Foster Provost and Tom Fawcett, was published by Wiley in its 3rd edition. It belongs to the Machine Learning genre and has ISBN 978-254-969760-5. There are 9 copies available, and the current availability status is: Yes.

Book BK 3858 287: 'Developmental Psychology', authored by Dan E. Krane and Michael L. Raymer, was published by Wiley in its 7th edition. It belongs to the Computer Science genre and has ISBN 978-530-748201-7. There are 9 copies available, and the current availability status is: No.

Book BK 1162 618: 'Macroeconomics: Principles and Policy', authored by Anthony Giddens, was published by Pearson in its 2nd edition. It belongs to the Mathematics genre and has ISBN 978-380-3450-1. There are 3 copies available, and the current availability status is: Yes.

Book BK 7910 356: 'Python Data Science Handbook', authored by Mary L. Boas, was published by Pearson in its 3rd edition. It belongs to the Machine Learning genre and has ISBN 978-84-673304-0. There are 10 copies available, and the current availability status is: Yes.

Book BK 6677 311: 'Artificial Intelligence: A Modern Approach', authored by David J. Griffiths, was published by Springer in its 1st edition. It belongs to the Artificial Intelligence genre and has ISBN 978-742-698247-5. There are 3 copies available, and the current availability status is: No.

Book BK 5175 240: 'Statistics for Machine Learning', authored by David J. Griffiths, was published by Springer in its 10th edition. It belongs to the Psychology genre and has ISBN 978-30-588592-5. There are 4 copies available, and the current availability status is: Yes.

Book BK 2049 909: 'Practical Time Series Analysis', authored by Stuart Russell and Peter Norvig, was published by Cengage in its 1st edition. It belongs to the Machine Learning genre and has ISBN 978-972-481884-7. There are 7 copies available, and the current availability status is: Yes.

Book BK 7405 982: 'Algorithms: Design and Analysis', authored by David Bressoud, was published by Cengage in its 7th edition. It belongs to the English genre and has ISBN 978-88-846003-1. There are 2 copies available, and the current availability status is: No.

Book BK 6387 924: 'Statistics for Machine Learning', authored by David Bressoud, was published by Pearson in its 5th edition. It belongs to the Psychology genre and has ISBN 978-376-765703-3. There are 10 copies available, and the current availability status is: No.

Book BK 8850 398: 'History of Modern Psychology', authored by N. Gregory Mankiw, was published by Pearson in its 9th edition. It belongs to the Computer Science genre and has ISBN 978-41-679723-8. There are 7 copies available, and the current availability status is: No.

Book BK 6083 640: 'Natural Language Processing with Python', authored by Mary L. Boas, was published by O'Reilly Media in its 3rd edition. It belongs to the Biology genre and has ISBN 978-675-404057-7. There are 10 copies available, and the current availability status is: No.

Book BK 2223 612: 'Developmental Psychology', authored by William Strunk Jr. and E. B. White, was published by Pearson in its 9th edition. It belongs to the Machine Learning genre and has ISBN 978-484-224592-7. There are 3 copies available, and the current availability status is: Yes.

Book BK 3782 644: 'Algorithms: Design and Analysis', authored by Aileen Nielsen, was published by Oxford University Press in its 1st edition. It belongs to the Computer Science genre and has ISBN 978-607-757412-9. There are 1 copies available, and the current availability status is: Yes.

Book BK 3476 680: 'Organic Chemistry', authored by David Bressoud, was published by O'Reilly Media in its 7th edition. It belongs to the English genre and has ISBN 978-533-430077-4. There are 10 copies available, and the current availability status is: No.

Book BK 3564 879: 'Natural Language Processing with Python', authored by Steven Bird, Ewan Klein, Edward Loper, was published by O'Reilly Media in its 10th edition. It belongs to the Data Science genre and has ISBN 978-702-260112-4. There are 7 copies available, and the current availability status is: Yes.

Book BK 2640 386: 'Organic Chemistry', authored by Andrew Ng, was published by Pearson in its

2nd edition. It belongs to the Analytics genre and has ISBN 978-113-407723-8. There are 2 copies available, and the current availability status is: No.

Book BK 9024 470: 'Statistics for Machine Learning', authored by Peter Atkins and Loretta Jones, was published by Oxford University Press in its 6th edition. It belongs to the Social Sciences genre and has ISBN 978-494-255879-0. There are 9 copies available, and the current availability status is: Yes.

Book BK 7413 561: 'Developmental Psychology', authored by David R. Shaffer, was published by Cengage in its 2nd edition. It belongs to the Social Sciences genre and has ISBN 978-79-527096-1. There are 7 copies available, and the current availability status is: Yes.

Book BK 5462 232: 'Advanced Calculus', authored by David Bressoud, was published by O'Reilly Media in its 10th edition. It belongs to the Mathematics genre and has ISBN 978-947-443025-4. There are 7 copies available, and the current availability status is: No.

Book BK 7070 605: 'The Elements of Style', authored by Michael E. Hyland and Christine M. Rowland, was published by O'Reilly Media in its 2nd edition. It belongs to the Chemistry genre and has ISBN 978-160-30430-1. There are 5 copies available, and the current availability status is: No.

Book BK 9215 507: 'Developmental Psychology', authored by Neil A. Campbell, was published by Cengage in its 8th edition. It belongs to the Chemistry genre and has ISBN 978-751-594448-3. There are 10 copies available, and the current availability status is: No.

Book BK 5792 957: 'Statistics for Machine Learning', authored by Raymond Murphy, was published by Pearson in its 8th edition. It belongs to the Biology genre and has ISBN 978-68-996435-7. There are 4 copies available, and the current availability status is: No.

Book BK 3160 700: 'Mathematical Methods in the Physical Sciences', authored by Steven Bird, Ewan Klein, Edward Loper, was published by O'Reilly Media in its 4th edition. It belongs to the Analytics genre and has ISBN 978-93-300843-7. There are 4 copies available, and the current availability status is: Yes.

Book BK 8525 204: 'Chemical Principles', authored by David J. Griffiths, was published by Springer in its 10th edition. It belongs to the English genre and has ISBN 978-96-293868-2. There are 5 copies available, and the current availability status is: Yes.

Book BK 9998 650: 'Natural Language Processing with Python', authored by Jake VanderPlas, was published by Cengage in its 4th edition. It belongs to the Biology genre and has ISBN 978-415-781971-1. There are 1 copies available, and the current availability status is: No.

Book BK 5687 395: 'Natural Language Processing with Python', authored by Thomas H. Cormen, Charles E. Leiserson, Ronald L. Rivest, Clifford Stein, was published by Cengage in its 9th edition. It belongs to the Social Sciences genre and has ISBN 978-458-583239-7. There are 4 copies available, and the current availability status is: Yes.

Book BK 6862 338: 'Introduction to Quantum Mechanics', authored by Paula Yurkanis Bruice, was published by Oxford University Press in its 2nd edition. It belongs to the Artificial Intelligence genre and has ISBN 978-597-778092-2. There are 7 copies available, and the current availability status is: Yes.

Book BK 1773 759: 'English Grammar in Use', authored by Paula Yurkanis Bruice, was published by Springer in its 8th edition. It belongs to the Chemistry genre and has ISBN 978-484-438650-7. There are 3 copies available, and the current availability status is: Yes.

Book BK 9276 292: 'Operating System Concepts', authored by Anthony Giddens, was published by Cengage in its 6th edition. It belongs to the Biology genre and has ISBN 978-479-134721-3. There are 1 copies available, and the current availability status is: No.

Book BK 6946 384: 'Cognitive Psychology and Its Implications', authored by Steven Bird, Ewan

Klein, Edward Loper, was published by Cengage in its 3rd edition. It belongs to the Social Sciences genre and has ISBN 978-757-408302-1. There are 5 copies available, and the current availability status is: Yes.

Book BK 8676 494: 'Operating System Concepts', authored by Jonathan Bate, was published by Oxford University Press in its 8th edition. It belongs to the Biology genre and has ISBN 978-523-914452-3. There are 9 copies available, and the current availability status is: No.

Book BK 6946 343: 'Organic Chemistry', authored by Paula Yurkanis Bruice, was published by Wiley in its 8th edition. It belongs to the Social Sciences genre and has ISBN 978-865-882107-6. There are 1 copies available, and the current availability status is: No.

Book BK 9883 610: 'Advanced Calculus', authored by William Strunk Jr. and E. B. White, was published by Oxford University Press in its 4th edition. It belongs to the Mathematics genre and has ISBN 978-398-707686-3. There are 6 copies available, and the current availability status is: No.

Book BK 4112 815: 'Mathematical Methods in the Physical Sciences', authored by Andrew Ng, was published by Oxford University Press in its 8th edition. It belongs to the Physics genre and has ISBN 978-625-137934-5. There are 2 copies available, and the current availability status is: Yes.

Book BK 2177 739: 'Artificial Intelligence: A Modern Approach', authored by Wayne Weiten, was published by Pearson in its 6th edition. It belongs to the Artificial Intelligence genre and has ISBN 978-90-662833-6. There are 3 copies available, and the current availability status is: Yes.

Book BK 9758 383: 'Digital Image Processing', authored by Trevor Hastie, Robert Tibshirani, Jerome Friedman, was published by Pearson in its 5th edition. It belongs to the Analytics genre and has ISBN 978-527-58558-2. There are 10 copies available, and the current availability status is:

Yes.

Book BK 3973 789: 'Macroeconomics: Principles and Policy', authored by Jake VanderPlas, was published by Wiley in its 8th edition. It belongs to the Analytics genre and has ISBN 978-194-375618-2. There are 4 copies available, and the current availability status is: No.

Book BK 8126 220: 'Cognitive Psychology and Its Implications', authored by Rafael C. Gonzalez and Richard E. Woods, was published by Springer in its 10th edition. It belongs to the Social Sciences genre and has ISBN 978-106-411483-5. There are 8 copies available, and the current availability status is: Yes.

Book BK 6879 498: 'Introduction to Quantum Mechanics', authored by Anthony Giddens, was published by Wiley in its 2nd edition. It belongs to the Mathematics genre and has ISBN 978-896-828684-5. There are 4 copies available, and the current availability status is: No.

Book BK 1688 622: 'Mathematical Methods in the Physical Sciences', authored by David Bressoud, was published by Cengage in its 7th edition. It belongs to the Mathematics genre and has ISBN 978-268-33495-3. There are 3 copies available, and the current availability status is: No.

Book BK 6583 580: 'Introduction to Quantum Mechanics', authored by Richard S. Sutton and Andrew G. Barto, was published by Cengage in its 6th edition. It belongs to the Artificial Intelligence genre and has ISBN 978-151-961460-5. There are 3 copies available, and the current availability status is: Yes.

Book BK 6508 850: 'Indian Culture and Heritage', authored by Raymond Murphy, was published by Wiley in its 8th edition. It belongs to the English genre and has ISBN 978-399-27559-3. There are 4 copies available, and the current availability status is: Yes.

Book BK 8115 531: 'Developmental Psychology', authored by James R. Evans, was published by Springer in its 2nd edition. It belongs to the Analytics genre and has ISBN 978-541-43199-9. There are 1 copies available, and the current availability status is: No.

Book BK 5453 363: 'English Grammar in Use', authored by David R. Shaffer, was published by Springer in its 8th edition. It belongs to the Biology genre and has ISBN 978-24-831852-1. There are 10 copies available, and the current availability status is: Yes.

Book BK 5094 811: 'Digital Image Processing', authored by Raymond Murphy, was published by Cengage in its 10th edition. It belongs to the Psychology genre and has ISBN 978-457-570385-2. There are 8 copies available, and the current availability status is: No.

Book BK 2597 800: 'Natural Language Processing with Python', authored by Michael E. Hyland and Christine M. Rowland, was published by Pearson in its 9th edition. It belongs to the Physics genre and has ISBN 978-148-919246-6. There are 5 copies available, and the current availability status is: No.

Book BK 4720 981: 'Mathematical Methods in the Physical Sciences', authored by David J. Griffiths, was published by Springer in its 9th edition. It belongs to the Biology genre and has ISBN 978-56-732586-9. There are 5 copies available, and the current availability status is: No.

Book BK 1502 260: 'Organic Chemistry', authored by Neil A. Campbell, was published by Pearson in its 2nd edition. It belongs to the English genre and has ISBN 978-31-890394-1. There are 3 copies available, and the current availability status is: Yes.

Book BK 7729 849: 'Organic Chemistry', authored by Steven Bird, Ewan Klein, Edward Loper, was

published by Oxford University Press in its 2nd edition. It belongs to the Computer Science genre and has ISBN 978-344-281152-5. There are 4 copies available, and the current availability status is: No.

Book BK 2053 112: 'Statistics for Machine Learning', authored by Neil A. Campbell, was published by Springer in its 9th edition. It belongs to the English genre and has ISBN 978-993-245881-4. There are 9 copies available, and the current availability status is: Yes.

Book BK 6333 982: 'Cognitive Psychology and Its Implications', authored by Trevor Hastie, Robert Tibshirani, Jerome Friedman, was published by Pearson in its 9th edition. It belongs to the English genre and has ISBN 978-114-137380-9. There are 3 copies available, and the current availability status is: Yes.

Book BK 4684 628: 'Statistics for Machine Learning', authored by Raymond Murphy, was published by Oxford University Press in its 9th edition. It belongs to the Psychology genre and has ISBN 978-834-542602-6. There are 9 copies available, and the current availability status is: Yes.

Book BK 4373 277: 'History of Modern Psychology', authored by Foster Provost and Tom Fawcett, was published by Oxford University Press in its 8th edition. It belongs to the Computer Science genre and has ISBN 978-469-463373-5. There are 4 copies available, and the current availability status is: Yes.

Book BK 3790 923: 'Practical Time Series Analysis', authored by Rafael C. Gonzalez and Richard E. Woods, was published by Springer in its 5th edition. It belongs to the Social Sciences genre and has ISBN 978-215-677415-1. There are 4 copies available, and the current availability status is: Yes.

Book BK 9568 910: 'Macroeconomics: Principles and Policy', authored by Andrew Ng, was

published by Cengage in its 9th edition. It belongs to the Analytics genre and has ISBN 978-509-979042-4. There are 5 copies available, and the current availability status is: No.

Book BK 3076 185: 'Business Analytics: Methods, Models, and Decisions', authored by Michael E. Hyland and Christine M. Rowland, was published by Oxford University Press in its 3rd edition. It belongs to the Artificial Intelligence genre and has ISBN 978-767-885541-8. There are 5 copies available, and the current availability status is: Yes.

Book BK 1834 895: 'Algorithms: Design and Analysis', authored by Thomas H. Cormen, Charles E. Leiserson, Ronald L. Rivest, Clifford Stein, was published by Wiley in its 4th edition. It belongs to the Machine Learning genre and has ISBN 978-744-425676-1. There are 4 copies available, and the current availability status is: Yes.

Book BK 7134 790: 'Python Data Science Handbook', authored by Wayne Weiten, was published by Cengage in its 6th edition. It belongs to the Chemistry genre and has ISBN 978-428-766905-3. There are 1 copies available, and the current availability status is: No.

Book BK 2312 515: 'Natural Language Processing with Python', authored by Mary L. Boas, was published by Cengage in its 5th edition. It belongs to the Physics genre and has ISBN 978-432-839845-2. There are 1 copies available, and the current availability status is: Yes.

Book BK 4652 901: 'Introduction to Deep Learning', authored by Wayne Weiten, was published by Wiley in its 9th edition. It belongs to the Mathematics genre and has ISBN 978-670-962360-7. There are 7 copies available, and the current availability status is: No.

Book BK 9313 823: 'Organic Chemistry', authored by Michael E. Hyland and Christine M. Rowland, was published by Pearson in its 1st edition. It belongs to the Chemistry genre and has ISBN

978-212-664014-4. There are 2 copies available, and the current availability status is: No.

Book BK 6062 989: 'Biology: A Global Approach', authored by Foster Provost and Tom Fawcett, was published by Wiley in its 10th edition. It belongs to the Chemistry genre and has ISBN 978-636-641793-5. There are 2 copies available, and the current availability status is: No.

# **LIBRARY RULES AND REGULATIONS**

## **GENERAL RULES**

- An ID card is a must for all library transactions. ID cards are nontransferable.
- Users are requested to maintain silence in the library.
- University dress-code is applicable while visiting the library on all occasions.
- Users should ensure that while browsing books, they must replace the books according to the arrangement on the shelf. Staff assistance may be sought for replacing the books.
- Users should avoid taking out several volumes of reports, journals, and books at a time.
- The library reading area should be used only for reference and for consulting resource materials.
- Use of a mobile phone is prohibited.
- Users should fully cooperate with the library staff. In case of any need, they should meet the Librarian.
- Persistent defaulters of library rules will have their library services suspended/withdrawn.

## **LOCKER RULES**

- 240 Lockers in Yeshwanthpur Campus.
- Separate key for each lockers.
- Return keys on the same day.
- Avoid misplacing your belongings .
- Avoid leaving your bags on the floor or table.

## **BIOMETRIC ACCESS**

- Access to library is through Bio-Metric Use
- Scan your ID to record your library attendance
- Sign in and sign out facility
- Flap barrier and tripod mechanism
- Library attendance will reflect in student KP account
- Enhance your punctuality of library use

## **LIBRARY COLLECTION**

The University library collection includes books, journals, magazines, newspapers, PhD Thesis, MPhil Dissertations, journal archives and other electronic resources.

### **1. Books and their arrangement**

The library has a good collection of reading material on the following:

- Textbooks
- Reference books
- Encyclopedia and Dictionaries
- Working Papers
- PhD/MPhil Thesis
- Master's Dissertations
- Bound volumes of Journals
- Braille Books

The arrangement of books is according to the 22nd edition of the Dewey Decimal Classification, a classification scheme followed by all libraries.

The reference books are not for 'issue' and are to be referred inside the library. The reference books are not issued either for classroom reading/ reference or for reading outside the library.

### **2. Journals and their arrangement**

The library subscribes to 454 journals in print across all campuses. The latest issues of journals, magazines and newspapers are displayed on specific shelves regularly. The earlier issues of the journals are made available on request. Visit the library for information regarding the subscribed journals details. The journals and reports are not for loan.

### **3. Electronic collection**

All the E-resources subscribed by the library are IP based and can be accessed anywhere on the campus. Remote Access to the subscribed library 36 CHRIST (Deemed to be University) resources is also provided. Details of e-resources subscribed are listed on the library webpage.

## **LIBRARY FACILITIES**

- **Internet, Computers and Laptop use facility**

The library has the DIGI WORLD section for computer and laptop users. All the systems have internet connectivity and wi-fi connectivity is provided for laptop/mobile/tablet users.

- **Photocopy Service**

The library photocopy service is available from 09.00 am to 08.00 pm. While photocopying a full book is not permitted inside the library or campus, a user can photocopy a maximum of 60 pages per book.

- **Symposium Hall**

The library has symposium halls for group discussions, meetings and presentations by faculties and students. The Symposium Hall can be reserved at the circulation desk ahead of scheduled use. The symposium halls are provided with additional AC, TV, and Wi-Fi facilities. Students can use symposium halls for a maximum of one hour.

- **Elevator Facility**

The library has an elevator to access all its floors.

- **Drinking Water, Washroom and Fire Exit**

Drinking water and washroom facilities are available in the library. Additionally, there is a fire exit on every floor of the library.

- **Property Counter**

The library provides lockers for storage of personal belongings during the library hours. The locker keys are issued against the user account and must be mandatory to returned before leaving the library to avoid fine.
